

## **Luxury Vinyl Tiles (LVT) Flooring & More Unveiled At New Kent Showroom**

*October 04, 2023*

Kent, England - October 04, 2023 - PRESSADVANTAGE -

AllFloors Trade Centre, based in the UK, is proud to invite customers from far and wide to the grand opening of their Kent showroom. This state-of-the-art facility has been built from the ground up to offer customers a personalised, hands-on shopping experience, and AllFloors is especially keen for everyone to browse through their selection of luxury vinyl tile (LVT). See more here: [Luxury Vinyl Tiles \(LVT\) Flooring Kent](#).

LVT is notable for its ability to accurately mimic a wide variety of materials, including wood, marble, stone and more. However, while it can therefore lend the unique aesthetic of these materials to a room's ambiance, it also offers a number of benefits that customers may otherwise not be able to enjoy if they were to pick the actual material for their new flooring. AllFloors Trade Centre strongly advises everyone to speak to their knowledgeable team for more information.

One of the store's Managing Directors, John Pitt, says, "Our showroom empowers customers to transform spaces with confidence." At the Kent showroom, customers will be able to see and interact with every type of flooring on offer, and this includes AllFloors' full range of LVT flooring. This will enable them to examine many of LVT's strengths up close, and they will always have a member of the team standing by to address

any concerns they may have. AllFloors says all questions are welcome here, including pricing estimates, the benefits of choosing one material over another and so on. Recommendations can be provided upon request as well.

For instance, customers may learn that luxury vinyl tile combines the appearance of other materials with a lower cost. While the savings alone may be enough for some customers to decide they want LVT flooring, the store adds that they are likely to appreciate the fact that it is also more resistant to scratches ? and boasts a degree of waterproofing. LVT achieves its appearance via a high quality photographic print layer, but this is backed by a wear layer that is designed to increase its durability. It is also easy to maintain.

Many have already worked with AllFloors Trade Centre and found themselves extremely satisfied with the team?s results. The store aims to deliver a superior experience from first visit to installation and beyond, and this is evident in the feedback AllFloors receives from the community.

Nicola B. says, ?We went to AllFloors, as recommended by a friend. They provided a professional, prompt service and offered premium products to choose from. The flooring has a Lifetime Guarantee. We were able to take home large sample boards to see how the floor would actually look in situ, and this helped with making our choice. We needed part of the flooring raised to make it all one level, and this was completed by AllFloors, too. All the workmen were hardworking and tidy. We are delighted with the final result and are likely to return to have our stairs and landing carpeted. As a bonus, they also accept the Blue Light card, so we got a discount! Thank you.?

Many reviews praise the team for their professional conduct, quality work, responsiveness and more. Those who value their time will be pleased to find AllFloors Trade Centre has a healthy respect for their schedule, which means jobs are finished on time wherever possible, and unexpected challenges are similarly dealt with in an expedient manner. According to the store, it should not be a hassle to install new flooring ? and AllFloors? fitters consider it a point of pride that customers routinely report a positive experience following every installation.

As Andy A. says, ?I am glad I chose AllFloors to lay the flooring in our garage conversion. John and the team provide a first class service. They advised us on the best product for our needs and budget. They were punctual from the site survey to the fitters arriving. Great communication throughout the whole process. Wish all purchases were like this. A refreshing change and real pleasure to deal with.?

Customers are advised to bring pictures and measurements of their home or business when they visit AllFloors in Kent. This can help the team identify the best LVT or other flooring for their needs. The store?s

fitters will professionally assess each property prior to installation as well.
