A recent review says, "Brilliant service from start to finish and could not recommend CC highly enough. Dan gave us plenty of advice at the start as we dealt with various issues that needed to be sorted out prior to the team fitting carpet and LVT throughout the house. The quality of both the material and workmanship was brilliant, with Nathan especially doing a superb job getting around some fairly tight corners and difficult spots. Any queries we had during and after the fitting were answered incredibly quickly and we couldn't be more happy. Won't hesitate going back to CC when we need more work done in the future."

Another customer writes, "First and foremost, both Jonny and Dan have great communication skills. They promptly responded to my initial inquiry, providing detailed information about their services, pricing, and scheduling availability. They demonstrated exceptional attention to detail and took great care in ensuring that every aspect of the installation was flawless. They expertly handled the removal of the old carpet and skillfully installed the new flooring. The end result was a stunning transformation of my space. Thanks a lot."
