October 17, 2023 - PRESSADVANTAGE -

Bumble Bee Blinds of Northeast Indianapolis, a company based in Indianapolis, IN, is offering window treatment and installation services. They also offer window blind repair, shutter repair, window blind installation, window blind replacement, shutter replacement, and shutter installation. They offer window blinds that can be used to allow precise controls over the amount of natural light that gets inside the home or building. Homeowners and other property owners can choose from a range of materials for the blinds, such as wood, aluminum, composites, etc. Those who are interested in knowing more about the company and its products and services can visit company website.

A spokesperson for Bumble Bee Blinds of Northeast Indianapolis says, "When it comes to the best window treatments, we do it all. From consultation to ordering to installation to completion, Bumble Bee Blinds takes the hard work out of owning the window treatments of your dreams. Let the experts at Bumble Bee Blinds Northeast Indianapolis help you decide on custom, modern window treatments that work for you."

There are a number of factors that differentiate Bumble Bee Blinds of Northeast Indianapolis from similar providers. First of all, customers can get windows based on their unique sense of style. Their window design

experts can work with the homeowner or property owner to achieve the design that is tailor-fitted to their preferences and needs. Second, they offer top quality and styles are various price points. Third, once the client has decided on a particular window treatment plan, their experts can start the installation, which they assure will be done professionally. Fourth, they offer free in-home measurements and consultations to allow the homeowner or property owner to make an informed and confident decision.

The Bumble Bee Blinds experts will go to the home or office, bringing with them various samples and then conducting a number of measurements of the windows. They will come fully stocked with a wide range of samples and all of the necessary equipment to accurately measure the window frame, valance and grommet spaces. Once the order has been placed, they will contact the client to schedule the window installation at the day and time preferred by the client. After finishing the installation, they will provide a full walk-through to the client ensuring they know how to operate the new window treatments properly. Those who would like to learn more about the company can visit web site.

In addition to window blinds, Bumble Bee Blinds can also offer various kinds of window shades. These include: exterior solar shades, layered and dual shades, sheer window shadings, cellular and honeycomb shades, roller shades, motorized shades, natural wove shades, Roman shades, pleated shades, and sliding panels. Furthermore, they can also offer repair and maintenance for blinds, shades, and shutters for both home or business. Whether the window blinds or shutters have missing or broken parts or are not working correctly, their window experts will be able to offer the necessary repair

Bumble Bee Blinds of Northeast Indianapolis is owned and operated by Azeem Niazi, who received his Master's Degree in Computer Science from the University of Arkansas. He lived for six years in Dallas, TX, after graduation before he finally decided to pursue his IT career, which caused him to move to Indianapolis, IN. In Indy, he found lifelong friendships and he was able to start a family, and 21 years later, he launched his own business ending his successful career in IT where he able to climb the corporate ladder up to the position of VP of Salesforce. This role allowed him to develop his management and leadership skills, which he now applies for his business. Their service area includes: Northeast Indianapolis, Carmel, Fishers, Fortville, Noblesville, Indianapolis, Pendleton, Anderson, Cicero, and Arcadia, which are all in Indiana.
