Storm Code Roofing has earned the trust and admiration of the Florida homeowners it has served over the years. The Plantation roofing company even boasts a perfect 5.0 out of 5.0 rating on its Google Business Profile from nearly 30 reviews. Customers praise Storm Code Roofing for the professionalism of its expert roofers, its dedication to completing projects on time and within budget, and its friendly and helpful customer service.

A recent review says, ?Storm Code Roofing Inc. has been my go-to roofing company for years. I consistently find their pricing fair and technicians highly professional and knowledgeable. Recently they did a great job replacing my entire roof quickly and efficiently. The project manager took care of explaining each step. I wouldn't call any other roofer but Storm Code Roofing Inc. for quality work.?

Another homeowner writes, ?Storm Code Roofing Inc. has my highest recommendation. Throughout the entire procedure, Robert was highly knowledgeable and competent. The excessive rain this winter caused multiple leaks in our old roof, which meant we required new underlayment and probably had rusted or defective plywood. In comparison to the many firms I had come to quote the roof, their price was really fair and competitive. His crew works really hard and keeps the workspace clean every day. I'm happy I chose this business and will in the future suggest them to my friends and neighbors. I'm grateful.?
