

Smart Medigap Plans Offers Advice to Seniors About Turning 65 Medicare in Texas

October 03, 2023

Haslet, TX - October 03, 2023 -
Smart Medigap Plans, based in Grapevine, TX, offers the services of Mike Hagan, a Medicare insurance specialist, who provides advice and one-on-one consultations for seniors in Texas who are turning 65 with regards to Medicare insurance concerns, such as how to reduce their current premiums. Mike Hagan?s goal is to make the Medicare insurance plans as simple as possible for clients. This will allow his clients to understand the various choices they have to allow them to make an informed decision.

Mike Hagan says, ?I will be your Medicare compass pointing the way and helping you navigate the confusing maze of Medicare insurance. My years of experience in the industry will demystify the process and help you to understand your options so that you can make an informed decision. I will help you feel confident and comfortable with making the right insurance choices for your personal needs. Whether you are just turning 65 and new to Medicare or are already on Medicare and want to save money by switching plans I am here to help.?

Those who are new to Medicare, who are typically seniors who are turning 65, will have to go through six steps. In the first step, Mike Hagan will guide the seniors with regards to enrolling in Medicare A or B. In the next step, he will talk with seniors who are turning 65 in three months to help them examine the various alternatives that are available for them. In the third step, he will provide advice to the client, either over the telephone or in person, on whether to opt for Medicare Advantage or a Medicare supplement, depending on the specific needs and budget of the client. In the next step, will review the various plan alternatives with the client and select the best one from the 30 insurance carriers that he works with. In the fifth step, Mike Hagan will assist the client in choosing a particular plan and include prescription drug and/or dental / vision coverage, if the client wants to. In the sixth and final step, he will follow up with the client every three years to make sure the client still has the best plan. If not, he will help the client find the lowest price possible.

Meanwhile, for those who are already more than 65 years old and already enrolled in Medicare, Mike Hagan, as Medicare advisor, will guide them through four steps. First, he will work closely with them to examine their specific needs and requirements plus their budget to find out the best possible plan for each individual. In the next step, he will determine the particular plan that the client currently has. Next, he will look at the 30 available insurance carriers he is working with and shop for the best possible plan for the individual. In the fourth and last step, he will help the client in enrolling in the chosen plan.
