

Revise, Inc. Partners with Mass Save® to Offer No-Cost Energy Assessments and Incentives to Massachusetts Homeowners

October 06, 2023

BEDFORD, MA - October 06, 2023 - PRESSADVANTAGE -

Revise, Inc, a leading energy solutions company, is thrilled to announce its strategic partnership with Mass Save®, a collaborative of Massachusetts' natural gas and electric utilities and energy efficiency service providers. This collaboration aims to empower Massachusetts homeowners in their pursuit of energy efficiency by offering no-cost home energy assessments and attractive incentives for energy-saving upgrades.

Mass Save® is renowned for its commitment to promoting energy efficiency, sustainability, and cost savings for homeowners across the state. Consumers can call Revise, Inc to get the Mass Save® phone number at Revise, Inc.'s dedicated hotline at 800-885-7283 (SAVE), and homeowners can initiate their journey toward a more energy-efficient home. Knowledgeable representatives are available to address inquiries, schedule a complimentary home energy assessment, and guide customers throughout the process. Additionally, more information and access to various energy-saving resources can be found on the Mass Save® website at www.masssave.com or on Revise, Inc.'s website <https://www.callrevise.com/mass-save-programs/>.

To further incentivize energy-saving upgrades, Mass Save® offers rebate programs that provide financial incentives to homeowners who invest in energy-efficient appliances, heating systems, and insulation upgrades. Some of these programs are income-based, which significantly reduces the upfront usage of energy efficiency projects, making them accessible to a broader range of homeowners.

"We are proud to be a designated contractor under the Mass Save® program," said a spokesperson for Revise, Inc. "Our team at Revise, Inc. is dedicated to assisting Massachusetts homeowners in maximizing their energy savings while creating a more sustainable future. By partnering with Mass Save®, we can extend our reach and make a tangible impact on energy consumption throughout the state."

Revise, Inc. specializes in providing comprehensive home energy assessments by a team of highly trained

professionals who evaluate energy needs and tailor energy-saving solutions to each homeowner's unique requirements. By leveraging the expertise of Revise, Inc., homeowners can embark on a journey to a greener, more cost-effective future.

"As a company committed to energy efficiency and customer education, we aim to make the process as simple as possible," continued the spokesperson. "Our team is readily available to answer any questions and provide clarity on the assessment results, ensuring homeowners understand the benefits and opportunities to increase their savings."

Revise, Inc. offers two convenient options for homeowners to undergo a no cost home energy assessment?virtually or in person. The virtual assessment can be completed in approximately an hour, possibly 90 minutes, by utilizing a device to take pictures of various parts of the home. Homeowners will connect with Revise, Inc. representatives either through a phone call or video session to conduct the assessment remotely.

For those who prefer an in-person assessment, Revise, Inc. offers this option, typically taking about three hours. The benefit of choosing the in-person assessment lies in the accuracy of the evaluation, leading to more precise recommendations and potential cost savings.

The no cost home energy assessment by Revise, Inc. covers various aspects of a home's energy efficiency to identify opportunities for improvement. The assessment commences with a whole-home inspection, where a home energy assessor contractor meticulously examines the structure to detect air leaks. Identifying and addressing these air leaks can result in substantial energy savings, and in many cases, homeowners may qualify for no cost air leak repairs when working with an authorized Mass Save® contractor, like Revise, Inc.

Homeowners in Massachusetts who wish to benefit from the partnership between Revise, Inc. and Mass Save® can begin the process by contacting Mass Save® at 800-885-7283 (SAVE) or visiting Revise, Inc.'s website at <https://www.callrevise.com/mass-save-programs/>. The website also offers valuable information and resources for homeowners interested in maximizing their savings while enhancing their home's energy efficiency.

About Revise, Inc:

Revise, Inc is a leading energy solutions company dedicated to empowering homeowners with sustainable

and cost-effective energy solutions. With a focus on delivering exceptional home energy assessments and tailored energy-saving solutions, Revise, Inc. aims to promote energy efficiency and environmental consciousness among homeowners.
