

Chandler Arizona Lighting Contractor Ready to Provide Outdoor & Christmas Lighting Services

October 17, 2023

October 17, 2023 - PRESSADVANTAGE -

Bling! of Chandler, which is based in Chandler, AZ, is happy to announce they are ready to offer outdoor and Christmas lighting services. Since Christmas and other holidays are fast approaching, they have completed their preparations for providing outdoor lighting services for Christmas and other upcoming holidays. They are capable of providing the installation of various types of outdoor lighting, including event lighting, permanent lighting, commercial lighting, landscape and patio lighting, and more. They also want homeowners and other property owners to know that they are offering free consultation and those who want to learn more about their outdoor lighting services can visit company website.

A spokesperson for Bling! of Chandler explains one of the key factors that differentiate them from other similar providers in the area, "Our lighting design experts will help you choose the look and feel that is the perfect complement to your home or event. Utilizing our computer-based lighting technology, you can easily visualize and customize your project down to the finest of details. Innovation and customization at your fingertips? that's the Bling! difference."

Bling! is capable of providing a comprehensive lighting rental experience that includes design, installation,

maintenance, take down and storage. Blingle will follow a number of steps. First, they will provide a lighting design consultation, which they can provide virtually or in-person. The design consultants will work closely with the client to determine what needs to be done for the client in terms of making the home or building more attractive, especially at night, not just to enhance the property's curb appeal but also to allow it to become an attractive place for holding an event, for instance, for the Christmas holidays.

After the completion of the design consultation, their lighting design specialists will employ pictures of the home or building to develop a computer-based demo for the client. This enables the client to see how the property would look like after the lighting project is finished. After this lighting demo, the client may want to recommend some changes. Those who would like to know more about this step in the process can visit web site.

In the next step after the lighting demo, Blingle will put the various details of the project in writing and submit a written proposal that includes the various price estimates to the homeowner or property owner. The client may suggest some changes at this time before the actual contract agreement is finalized. Once the client has agreed to the terms of the contract, the signing of the contract will follow. After the signing, they will consult with the client on the preferred date and time to begin the installation. Lastly, Blingle will initiate the installation at the scheduled date and time.

It is important to note that aside from Christmas lighting, Blingle can also provide other types of outdoor lighting. This includes landscape and patio lighting, which is the kind of lighting that is provided for decks, patios, porches, outdoor pools, grills, gazebos, fire pits, and outdoor bar and restaurant spaces.

Blingle! of Chandler is owned and operated by Robert and Tonya Keating who are both experts in outdoor lighting. They believe that it is important to select the proper outdoor lighting for the property as a way to spread joy, which is the spirit of the Christmas season, to family, friends, the neighborhood, and the community. They are natives of East Valley in Arizona and they truly regard Arizona as their home forever.

Robert and Tonya Keating have a common dream of making Arizona an even brighter place for people to live and work. Robert says, "Our community members, neighbors, and friends coming together in the name of celebration and unity not only gives us business opportunities, but a chance to help turn your event or home into an unforgettable experience. So, host that business outing. Invite that neighbor to the barbecue. Celebrate that birthday. We can't wait to help you elevate the experience along the way."

Those who are interested in the services provided by Blingle! of Chandler can visit their website or contact them through the phone. People can find out the office address and other key information about the business

by visiting their Google Maps page.
