It is no wonder that when looking for reliable roofers in Manchester CT, people choose our services.?

In the above-mentioned review, Dave V. gave them a five star rating and said, ?Slavin Home Improvements did a fantastic job on our roof replacement. They were extremely accommodating and professional on every level. Our new roof looks fantastic. They were so conscientious about cleaning up afterwards and the area around the house looked better than when they arrived.?

Slavin Home Improvements has an enviable overall rating of 5.0 out of 5 stars of Google after receiving 300 reviews. Slavin Home Improvement is a roof replacement specialist in Manchester and Glastonbury that has

been providing services for residential homes since 2011. Clients have expressed their satisfaction for their pricing, speed, and efficiency in the repair and installation, and in their honesty.

Zak Slavin encourages homeowners and other property owners to get a roof replacement as soon as possible. He says, ?If you don?t deal with a damaged roof now, you could end up spending more money. Roof leaks can be the reason for chipping and peeling paint on your walls. Holes increase energy bills. Sagging lines eventually lead to a roof collapse. A roof replacement is a major investment. It?s something you should carefully consider. Hire a roofing contractor in Manchester or Glastonbury, Connecticut with a proven reputation and that uses the best materials.?

The Manchester CT roofers company also provides gutter installation services because storms are common in Connecticut. They take pride in their ability to provide seamless gutter installation in Connecticut, particularly in Glastonbury and Manchester. They guarantee zero leaks and excellent aesthetic appeal for their installations. With the winter months fast approach, they homeowners can rest assured that the gutter system they install will not freeze even with the heavy snowfall rates in the area. The gutters will not contract or expand when exposed to the strong winds. This is because they source the seamless gutters from Harvey, which is a reliable manufacturer.

Zak Slavin says, ?Whether you need to install new gutters for your new home or want to replace old ones, call us to do the job for you. Our 5? to 6? gutters are capable of funneling heavy rainfalls on most houses in Connecticut. Regardless of the design and color palette of your home, we have gutters that come in various colors. To ensure a clean finish, our contractors use hidden screw hangers to secure the gutters. You could also consider adding gutter protection to ensure that it will last longer.?
