October 20, 2023 - PRESSADVANTAGE -

Sullivan Contracting, a roofing contractor based in Griswold, CT, and serving Norwich and nearby areas takes pride in announcing they have received another rave review from a satisfied property owner. The company providing quality roofers near me in Norwich and surrounding areas has developed the reputation as a top-quality roofing company in the area. In the recent review, Guy P. gave them a five star rating said, "I chose Sullivan contracting because they were the only contractor to explain the process for new shingles on my roof. They were very professional, on time and efficient. They are a full service contractor and would hire them for other projects I may have."

George Sullivan from Sullivan Contracting says, "We are proud of our five-star reputation because it is a testament to our commitment to quality service. We always deliver 100% customer satisfaction and absolute quality work without any compromise, just like we've been doing since 1982. We stand by our roofs."

Sullivan Contracting has been setting the standard for roofing services in Eastern Connecticut and the neighboring areas. Homeowners and other property owners who are interested in finding dependable and reliable roof contractors typically go to them for all of their roofing requirements, whether to provide roof leak

repair or a full roof replacement service. George Sullivan says, "Once you give our skilled teams a call, we'll come out and evaluate the situation. We'll carefully inspect your roof to discover the source of the problem or determine the size of the project in the case of an installation. Once we've determined the scope of the project, we'll provide a free detailed proposal for the cost and the work to be done."

Sullivan Contracting can provide complete roof replacement for any residential or commercial building. Whether it's just time for the replacement of an old roof or the property has suffered sufficient roof damage where a repair will not be sufficient, their roof replacement services can assure clients they will get the job done with the installation of a new roof. They can also provide roof maintenance services for any residential or commercial building. They can perform routine inspections of the roof monthly for properties that need it. This is vital for those who are looking to keep their roof in optimal condition and avoid minor damages to the roof that may develop into serious problems in the future.

Sullivan Contracting can also offer vinyl siding installation for Norwich and nearby areas. Vinyl siding has been designed to continue looking good even after several years. It can retain its original color even after exposure to extreme weather elements. This siding product has been observed to deliver impressive performance without needing maintenance services.

They can also provide window replacement services for homes, offering a selection of fiberglass, wood, vinyl, and aluminum windows that have been designed and built with careful attention to detail and it can fit practically any home or budget. Vinyl windows are inexpensive, durable, and easy to maintain. Most vinyl frames have a hollow core to minimize heat loss and condensation. Wood windows are the traditional material for windows and offer natural beauty while also providing excellent insulation from temperature and condensation. Fiberglass windows are much stronger compared to wooden windows, but they can also be painted, unlike vinyl. Aluminum windows are more durable, lighter, and easier to handle compared to wooden windows.

Launched in 1982, Sullivan Contracting is a family-owned and operated roofing services provider for residential buildings for over 10 years. This roofing contractor is led by a professional upper management team with a combined experience of over 20 years. They are fully insured, licensed, and bonded with industry leading manufacturer warranties. Aside from roofing, they also provide windows, decks, and sidings. They provide full guarantee from start to completion and they always use the best quality products and also offer financing alternatives. Their service area includes Middlesex, Hartford, Tolland, Windham, and New London Counties.

Homeowners and other property owners in need of a roof installation or roof replacement company can visit
