

Sydney Electrical Company Is Now Offering Its Electrical Service Range In Eastwood, NSW

October 25, 2023

October 25, 2023 - PRESSADVANTAGE -

Sydney Electrical Company, a Level 2 electrician services company based in Sydney, has announced it has opened a new office in Eastwood to serve the Inner West of the city.

As a trusted Sydney electrical services provider, Sydney Electrical Company offers a comprehensive range of electrical and data services, from installations to repairs and maintenance, as well as electrical and safety inspections. Sydney homeowners and businesses can also rely on the company to provide emergency services for electrical projects.

The spokesperson for Sydney Electrical Company, Adam says, "We offer the people of Sydney a fast 24-hour Level 2 Electrician emergency service. So, even if you are stuck without power in the middle of the night, we are just one phone call away and can be on-site in less than 2 hours. No matter how big or small the job is, whether it is an average residential home or a large commercial building, we have the expertise and experience to solve all your electrical problems. With our latest expansion to Eastwood, we will be reaching even more customers than ever before. Give us a call today to receive a free quote for our services."

All level 2 electricians working for The Sydney Electrical Company are fully qualified and licensed in their area of expertise and regularly keep updated on industry developments. As a member of the National Electrical and Communications Association (NECA), the company's technicians continually upskill with the changes in industry standards and regularly attend NECA industry briefing nights.

The company also places a lot of importance on following the right safety protocols as it hasn't had any safety breaches to property or staff. The Sydney Electrical Company holds Certification in ISO 45001:2018 Occupational Health and Safety Management System, ISO 14001:2015 Environmental Management Systems, and ISO 9001:2015 Quality Management Systems. It also complies with AS/NZS 3000:2018

Electrical Installation ?Wiring Rules? and Service and Installation Rules of NSW.

Sydney Electrical Company has received tremendously positive feedback from the clients it has served over the years. The company boasts an impressive overall rating of 4.8 out of 5.0 on its Google Business Profile from over 20 reviews which talk about the skill and workmanship of the company?s commercial electricians, their helpful customer service, and the responsiveness of its emergency services.

A recent review says, ?Adam from The Sydney Electrical company did a great job, we needed a Level 2 electrician to do a temp power pole and new switchboard to undertake our new build works, called Adam first off Google, quoted same day and installed 3 days later. Great service. Would highly recommend it to anyone that needs level 2 electrical.?

Another customer writes, ?The Sydney Electrical Company sent over a level 2 electrician who swiftly and professionally resolved my intricate electrical issues. I was immensely impressed by their skill level and thorough, friendly approach.?

Adam talks about how the company has developed its stellar reputation in the communities it serves by saying, ?We take pride in delivering exceptional electrical services. We understand the importance of having safe and reliable electrical systems, which is why we provide top-notch workmanship while using the best materials available. Our commitment to customer satisfaction and dedication to only providing the best possible electrical solutions has made us the go-to choice for all our customers? electrical needs.?

Sydney Electrical Company serves the greater Sydney area, including the inner suburbs, Northern Beaches, Eastern Suburbs, and North Shore. It offers customers free no-obligation quotes so that they can make an informed decision about their electrical project. All the services provided by Sydney Electrical Company come with warranties which the team provides all the details about to help customers understand and use it. The company also offers financing options for most of its electrical services that are tailored to each customer?s budget at competitive rates and terms.
