RedShift Recruiting is thrilled to announce the newest addition to their team: Chris O?Keeffe. Chris joins redShift as a recruiting specialist. With a strong background in recruiting and training, Chris is set to enhance redShift's commitment to top-tier talent solutions.

Chris joins redShift?s Temporary Division, focusing on temporary and temp-to-hire roles. These roles present a unique opportunity for both employers and job seekers. For businesses, they offer flexibility and an opportunity to assess talent in real-time, ensuring a good fit before making long-term commitments. Meanwhile, job seekers get a chance to showcase their skills, gain multifaceted experience, and work in diverse environments, enabling them to make more informed decisions about their future.

Chris holds a Bachelor's in Business Administration with a concentration in HR management from Marist College. His dedication and expertise will help ensure redShift?s clients and candidates find the perfect match?not just in skills but also in career goals and organizational culture.

In today's competitive landscape, hiring isn't just about filling vacancies. It's about building teams aligned with the organization's vision. Businesses thrive when team members excel in their roles while also contributing to company objectives. Likewise, candidates seek growth, value alignment, and recognition of their potential through new opportunities.

RedShift takes a unique approach to IT staffing, blending technical expertise with an emphasis on relationships. Their recruiters recognize that the ideal hire not only has the right skills but also fits the company?s culture. They foster effective workspaces where technical aptitude and team cohesion reinforce each other.

Chris' passion for matching top talent with innovative companies will be pivotal as redShift continues streamlining staffing solutions for businesses and connecting the right people to the right roles. He will be an invaluable asset as they continue to transform the staffing experience for their clients and candidates, taking their tailored recruiting approach to new heights.
