Wichita, Kansas - October 31, 2023 -
Kansas Property Solutions is buying homes in Wichita in any condition while offering homeowners a fair and fast all-cash offer.

Led by Amos Williams and Leon Barnes, Kansas Property Solutions buys houses from homeowners in Wichita who need a quick resolution to their property problems. The company buys houses in any condition and provides homeowners with cash offers that fairly represent the value of the home without having to perform any repairs or renovations. The result is homeowners can get rid of their properties much faster than if they went the traditional route of listing them with a real estate agent.

?We buy houses Wichita KS residents are ready to sell in any condition,? says Amos. ?Whether your home needs extensive repairs, has suffered fire or flood damage, is facing foreclosure, if you are having trouble making mortgage payments, if you inherited the property, if the house has tax liens or code violations, if you are relocating due to a job, school, death, or divorce, or whether you are just downsizing, we will offer you a fair price that takes into account the complete condition of the property. After accepting our offer, you will be

free to move on from owning the property that is holding back your life plans.?

The company has a tried and tested 3-step process for buying properties. It begins with homeowners providing the address of the property they want to sell along with some information about its condition. Based on the information provided, the company?s experts will perform some research following which they will present a fair cash offer based on the value of the property. Finally, after the homeowner accepts the offer, they get to pick a closing date. The company handles all the paperwork as homeowners just have to look forward to getting paid.

?We can close in as little as 7 days,? Leon says. ?Moreover, with our services, you can avoid the costs and commissions that you would have otherwise paid if you had listed the property with a real estate agent. It is a win-win scenario that gets the property off your books and provides you with the funds you need to chase your life goals. When I met Amos for the first time that?s exactly who he was. He told me that dealing with him was going to be the easiest part of my situation and it definitely was.
