

## **Modern Vision Solutions Introduces MVS PrimeSight Membership: The Ultimate Solution for those Without Vision Insurance**

*October 26, 2023*

OMAHA, NE - October 26, 2023 - PRESSADVANTAGE -

In a time when the healthcare industry is rapidly evolving, Modern Vision Solutions (MVS) proudly announces its groundbreaking PrimeSight Membership. This innovative program is tailored specifically for patients who may find themselves without the security of vision insurance. Designed from the ground up to mirror the convenience of an in-house insurance plan, this program ensures that members receive significant savings on comprehensive eye care, presenting an alluring package of benefits that not only matches but often exceeds the offerings of traditional vision insurance plans.

"No one should feel marginalized or overlooked just because they lack vision insurance," passionately states Dr. Meagan Anderson, OD at Modern Vision Solutions. "Our PrimeSight Membership goes beyond just financial benefits. It serves as a testament to our commitment to ensuring our patients receive the detailed and comprehensive eye care they rightly deserve, all while eliminating the often cumbersome process of liaising with insurance companies."

The MVS PrimeSight Membership is brimming with advantages. Touted as a preferred choice by many, the

program first and foremost offers an Annual Eye Exam complemented with Advanced EyeAnalysis, an examination experience that holds a market value of \$350. Members are also bestowed with the privilege of priority scheduling, which translates to preferred pricing on any subsequent visits, a feature that can be equated to savings of \$75 for every visit.

To make the offering even more appealing, members enjoy substantial markdowns on frames, lenses, and contact lenses. A notable inclusion is a generous discount of up to 30% on in-store accessories. This allows members to access premium brands such as Maui Jim, Ray-Ban, and Oakley at a fraction of the cost. Further sweetening the deal, the PrimeSight Membership extends exclusive rebates on vision correction procedures such as LASIK, PRK, and SMILE, and an enticing \$200 off on myopia control, especially beneficial for family memberships.

Cumulatively, the annual value of the PrimeSight Membership effortlessly surpasses \$1,000. Yet, it is made available at a strikingly affordable price point of just \$120 for individual enrollees and \$240 for families, granting coverage for an expansive two-year period. Such a proposal is hard to overlook, especially when it promises transparency, straightforward benefits, and an assurance of no hidden surprises.

Dr. Anderson is confident that while the monetary value is a significant draw, it's the elimination of the typical insurance-related complications that will truly resonate with patients. "PrimeSight is a testament to simplicity. Our members won't grapple with waiting periods, unexpected changes in benefits, escalating deductibles, or the dreaded phone call loops with insurance providers. We're championing an era of hassle-free, affordable eye care."

Enrolling in the MVS PrimeSight Membership is a breeze. Those keen can effortlessly book an eye examination online, directly converse with the dedicated MVS team at (833) 586-2020, or fill out a simple online form to explore the diverse membership avenues available.
