

AllFloors Trade Centre Is Offering A Range Of Carpet, Wood, And Vinyl Flooring In Kent

November 06, 2023

Kent, England - November 06, 2023 - PRESSADVANTAGE -

AllFloors Trade Centre is offering high-quality flooring supplies and installation to residential and commercial customers in Kent, London, and surrounding areas.

The full range of the company's products and services includes carpet flooring, vinyl flooring, Luxury Vinyl Tile (LVT) flooring, laminate, hardwood, and artificial grass. Moreover, AllFloors Trade Centre's flooring specialists boast over 100 years of combined industry experience that shines through in their work and helps them deliver exceptional quality and service every time.

"We can help you pick the best flooring option for your home or business depending on your aesthetic needs, functional needs, and budget," says the spokesperson for AllFloors Trade Centre. "Contact us to learn more about our complete domestic flooring package that includes surveying, estimating, advice, samples, and installation. We also guarantee to beat any written quotes that you may have received from other suppliers and fitters. Just give us a call to get started with our comprehensive flooring services."

Carpet flooring provides comfort and gives a room an overall warmer feeling. Carpeted floors cushion the impact of slips and falls, dampen noises, and add beauty and style to any room. The carpet can be a neutral foundation to base the rest of the home décor on or it can also be a focal point with vibrant colors, bold patterns, and texture.

Real wood flooring brings extra stability and lifelong performance to homes and workplaces. Every wooden board is unique and will make a lifetime statement when given the best care. It adds warmth, character, and a sense of luxury to any property whether it is old or new. Real wood flooring also looks great with any decorating style, from minimalist spaces to traditional decors, wooden flooring complements and enhances interior appeal.

Vinyl flooring is available in a range of appearances that mimic natural wood or stone. On top of its varied designs, vinyl flooring is also durable and easy to install. Also, unlike hardwood flooring, vinyl flooring is water-resistant, so no amount of moisture will affect its appearance or function. With the right craftsmanship and working materials, vinyl flooring can stay in good condition for dozens of years.

AllFloors Trade Centre has received tremendous recognition from the local Kent community it has served over the years. The flooring store has even scored a near-perfect overall rating of 4.9 out of 5.0 on its Google Business Profile from over 30 reviews with customers noting the meticulousness and timeliness of the installation crew, their tendency to go above and beyond, and the excellent customer service provided by the support staff.

A five-star review of AllFloors Trade Centre says, "Great service, our Moduleo flooring looks amazing, we had our front room & office done first, then later had our hallway done. A couple of slight hiccups in the office were dealt with competently. The fitter was very professional too. Would recommend and use again."

Another reviewer writes, "From start to finish I'm really pleased we chose All Floors for all our flooring needs. From the welcoming & knowledgeable staff in the showroom to the fitters who all went over & above & had great attention to detail. I'm really pleased with the quality of flooring chosen throughout & prices we paid. Communication from the team was very timely & nothing was too much trouble, I would highly recommend All Floors to anyone needing flooring from carpets to LVT & I will definitely use them in the future."
