Perfectly Vivid Increases Stock Of Tactical Flashlight, A Possible Last Minute Holiday Gift

December 21, 2015

December 21, 2015 -
Perfectly Vivid, a business in Coronado, CA, are happy to announce that they have increased the stock on their tactical flashlight and that they have put shipping processes in place to ensure people can still get their flashlight in time for the holidays. However, time is running out and those who want to purchase this as a gift or stocking filler are encouraged to place their order as soon as possible so as not to be disappointed. Full details about the flashlight can be found on http://perfectlyvivid.com/.

"The holiday season is well and truly upon us now," says Dr. Christopher Vogelmann, founder of Perfectly Vivid. "We're really happy to see that our tactical flashlight has been such a popular holiday gift and we want to make sure that people can still have the opportunity to get theirs in time. But they must hurry, because even we can't work real miracles. Nevertheless, we still have some next day delivery available for those who shop through our website."

Perfectly Vivid has also been encouraging people to share their many uses for the tactical flashlight through Facebook. Because the product is marketed as being highly multi-functional, people have been sharing the most amazing stories through the Facebook page at https://www.facebook.com/perfectlyvivid/?fref=ts. This has given other people an idea of the various things they can do with the flashlight, which truly goes above and beyond simply illuminating a bit of darkness.

"I have been using the flashlight on ghost hunts," says Suzie P. "We tend to run our hunts during the night, and the darkness can really get absolute at times. To make sure all our team members are safe at all times, we equip all of them with the Perfectly Vivid flashlight. Personally, I also love the fact that it can also be used as a self-defense weapon. Now I know that ghosts supposedly can't hurt you, but it just makes me feel more in control of the situation."

The last minute holiday gift will only be available for a limited time. However, the flashlight is perfectly suitable for times other than the holiday season as well.
