

Bare Medical Spa + Laser Center Welcomes New Nurse and Medical Director

November 01, 2023

Burlington, Vermont - November 01, 2023 - PRESSADVANTAGE -

Burlington, VT ? Bare Medical Spa + Laser Center is excited to announce the addition of two new members to its professional team. JoAna Byam has joined as a Registered Nurse Injector, and Dr. Alexis Cochran has been appointed as the new Medical Director. These new additions underscore the med spa?s dedication to providing top-quality care and the latest in aesthetic treatments.

Byam has a strong passion for patient care, which was cultivated from her years of experience as a nurse. Her background laid a solid foundation for her transition into aesthetic medicine, a field where she could combine her medical knowledge with creativity.

?I have worked as a bedside nurse for more than 20 years, spanning numerous departments of the hospital,? said JoAna Byam. ?Leaving this role to pursue a lifelong passion for aesthetics, I have been employed full-time in the industry since 2019. I have also earned certificates to inject neurotoxins and then HA dermal fillers, Sculptra, and PRP/PRF injections for face and hair restoration. I am excited to be joining the excellent team at Bare Medical Spa as we both are devoted to continued improvement.?

Driven by an interest in wellness and anti-aging, Byam expanded her expertise further by attending various trainings for specialized services, including bioidentical hormone replacement therapy.

?I value continued education highly and spend hundreds of hours on trainings and courses to stay up to date with the ever-evolving medical aesthetic industry,? said Byam. ?Joining Bare as a registered nurse injector will further that passion and allow me to help numerous people achieve their desired look ? lifting their confidence!?

The team is equally thrilled to welcome Dr. Alexis Cochran as the new Medical Director.

"I've been an Emergency Medicine physician for over 16 years," said Dr. Cochran. "I was born in NY where I completed my medical school education then moved to Maine for residency. Since then, I've been working in NH Emergency departments and continue to do so."

Dr. Cochran prioritizes patient safety and ethical practices, ensuring that patients feel valued and confident in their care. Her decision to join Bare Medical Spa was influenced by a shared philosophy, which includes a commitment to thorough consultations and an ongoing focus on provider education.

"I'm excited to join Bare Medical Spa + Laser Center because of their reputation for cutting-edge effective treatments and commitment to enhancing clients' well-being," continued Dr. Cochran. "Bare's dedication to innovation and a holistic approach to feeling our best align with my aspirations to help others. I'm most looking forward to contributing to a team that values excellence and providing clients with personalized, transformative experiences."

Bare Medical Spa + Laser Center is open and taking appointments for new and existing patients.

About Bare Medical Spa + Laser Center

Overlooking beautiful Lake Champlain, Bare Medical Spa + Laser Center is renowned for their technologically advanced offerings that span a wide range of skin and aesthetic treatments. Founded by Jamie Spano in 2012, the practice originally started as a laser center and grew to become one of Burlington's top destinations for innovative laser treatments and high-quality aesthetics services. Its location and reputation for exceptional results has helped Bare define itself more luxuriously, with a commitment to wellness that is expanding and an ever-inclusive environment that lets all Burlington residents and visitors feel welcome.
