Medsource USA Is Offering A Wide Range Of Medical Tables For Diverse Healthcare Needs

November 13, 2023

November 13, 2023 -
Medsource USA Tables, a leading provider of premium medical tables, is urging healthcare professionals across the nation to check out its range of medical tables optimized for their diverse needs.

The spokesperson for the company says, ?Medsource USA?s vast selection of medical tables is optimized for comfort, functionality, and durability, ensuring that healthcare providers are able to offer the best possible care to their patients. We use high-grade materials, ensuring durability and longevity. Our wide range of options means you can find the perfect fit for your practice?s unique requirements. Offered at a competitive price, you also get world-class ongoing support to help you choose and make the most out of your purchases.?

The company?s examination tables are designed for optimal patient comfort and ease of access. They are perfect for general check-ups and medical consultations and come in various configurations, including adjustable backrests and stirrups, to suit each provider?s specific needs. The company?s treatment tables provide a stable and comfortable platform for various medical procedures, such as physical therapy, chiropractic adjustments, and massage therapy. Providers get to choose from electric or manual height

adjustments, as well as specialized options like bariatric tables and mat platforms.

Medsource USA?s state-of-the-art imaging tables are designed to facilitate accurate diagnostic imaging, such as X-rays, ultrasounds, and MRI scans. These tables are equipped with advanced features, such as radiolucent tabletops and C-arm compatibility, to optimize imaging results. Finally, the company?s surgical tables are built to suit various surgical disciplines. They are designed for maximum stability, patient safety, and ease of use, with features such as adjustable heights, Trendelenburg positioning, and optional accessory packages.

The company?s bariatric tables have higher weight capacity and a wide surface area as they are designed to support larger patients, ensuring their safety, comfort, and dignity during medical consultations and procedures. With electric and hydraulic height adjustments, the tables also ensure easy patient access and ergonomic positioning for healthcare providers.

The Armedica AM-368 Bariatric Treatment Table, which has a total capacity of 800 pounds, boasts a three-piece top section, a width of 36 inches, and a length of 76 inches. There is a head section that is 15 inches by 36 inches, raises 45 degrees, lowers 90 degrees, and has a contoured face and nose opening. The center section is 22 inches by 26 inches and does not raise. Finally, the foot section is 39 inches by 36 inches and raises 70 degrees. There are a total of four total lock swivel casters.

Medsource USA?s mat tables, also known as treatment tables or therapy tables, are essential for healthcare providers who require a durable, comfortable, and stable surface to perform patient treatments and examinations. The mat tables are designed to withstand the rigors of daily use while providing maximum comfort and support for patients. They also come in various sizes, styles, and configurations, with options for adjustable heights, storage, and mobility features.

?We source our mat tables from reputable manufacturers,? says the spokesperson, ?ensuring you receive a product that meets the highest standards of quality, durability, and functionality. Our knowledgeable and friendly team is always ready to assist you in selecting the perfect mat table for your practice. We understand the unique requirements of various healthcare professionals and can help guide you toward the right choice. Customer satisfaction is our top priority. If you?re not satisfied with your mat table purchase, our team will work diligently to address any concerns or issues.?

The Armedica Electric Hi-Lo Mat Table boasts welded tubular steel frames and legs, with fully finished and burnished welds. It has a 34 oz. heavy-duty vinyl with Permablok 3(R) bacterial protection and 2? firm-density foam tops. The table, which has a 900 lb weight capacity, has radiused, seamless corners on upholstered components. The electric models feature a 120-volt, 60 Hz motor. Overall, customers receive an 18-month warranty covering materials, defects, and craftsmanship.

Readers are urged to find out more about Medsource USA?s table offerings by visiting its website and browsing through its shop.
