

Tylock-George Eye Care Announces World Series Champs Discount for LASIK and PRK

November 07, 2023

November 07, 2023 - PRESSADVANTAGE -

Irving, TX, 11/6/2023 ? Tylock-George Eye Care has announced that they are celebrating the Texas Rangers winning the World Series by offering a steep discount on select eye surgeries throughout the entire month of November. Located at 3100 North MacArthur Blvd, Irving, TX 75062, all patients need to do is mention the Rangers? win at their free consultation for bilateral LASIK or PRK and receive an instant \$300 off of their procedure.

?Witnessing the first ever World Series win by the Texas Rangers is incredibly exciting for us and our patients,? said Randy Schaller, CEO of Tylock-George Eye Care. ?You can feel it in the air, it?s electric. Not only is it a great moment in Texas sports, but it?s also an historic one, too. We are the official LASIK providers to the Texas Rangers and believe that it is our duty to give something back to the team and our community.?

Tylock-George regularly pioneers the most advanced technology in LASIK. They were the first to incorporate the new and best-in-class Contoura® Vision LASIK, an ultra-advanced, next generation machine that maps over 20,000 data points along the surface of the cornea to correct the refractive errors. The practice has also

pioneered the use of IntraLASIK, a procedure that utilizes a laser to correct vision without the use of a surgical blade.

"It's thrilling to be at the technological forefront of the field in LASIK," said Dr. Michael R. George, M.D. "Continuously adopting and mastering the latest technology has allowed us to provide the safest, most effective procedures in the area. But our staff is really what sets us apart. Our surgical team has more than 40 years of combined experience in LASIK and PRK, and as a team we've performed more than 100,000 vision correction surgeries. There is a reason that professional athletes routinely rely on us to safeguard what is perhaps the most important of the five senses in sports."

Tylock-George offers free LASIK screenings before patients' consultations so they can gauge whether or not they are good candidates, and they offer excellent financing plans that are wide-ranging and available to most customers. The World Series Champs Discount serves to make an already accessible service even more feasible.

"The Texas Rangers' value statement is 'together we thrive,' and we believe in that vision," said Schaller. "We don't view ourselves as separate from the community. We are a part of it, and we go out of our way to help it grow however we can. That commitment to community builds trust, which is why hundreds of thousands of patients have chosen us to restore their sight."

Tylock-George is currently accepting new patients. To book an appointment, give them a call at (972) 210-0442 or visit their website [tylock.com](#) and be sure to mention the Texas Rangers to receive the discount.

About Tylock-George Eye Care

Tylock-George Eye Care is the most experienced and most trusted LASIK provider in the Dallas and Fort Worth areas of Texas. They use the highest-quality equipment staffed by the top eye surgeons in the area, and as a team they've made industry-leading strides in various laser eye care procedures that have been adopted by their peers to improve the vision of millions of patients around the globe. They offer eye surgeries of all kinds, including LASIK, cataract, EVO ICL implants, and PRK, and provide excellent pre- and post-operative care. The "Tylock Advantage" comes down to three core aspects of their practice: technological and procedural innovation, an extremely experienced and compassionate staff, and a time-tested operating philosophy that always puts the patient first.
