

Mind Body & Soul Medical Celebrates Successful Training and Coaching Ventures

November 07, 2023

November 07, 2023 - PRESSADVANTAGE -

Pensacola, FL, ? Mind Body & Soul Medical Aesthetics & Wellness has announced that their practice recently hosted a successful group injector training event in partnership with Iani Silveira, MSN, FNP-BC, CPN, of Bella Vida Aesthetics & Wellness in Miami. The training event, which was held September 30th, highlights Mind Body & Soul Medical founder Marlee Bruno?s advancements as a trainer, especially as she begins to expand her new aesthetics coaching venture, The Injector Coach. With the completion of their latest training event on the Bella Vida Instant BBL?, Mind Body & Soul Medical reaffirms their commitment to improving the medical aesthetics industry as a whole with innovative procedures and expert techniques that hold up to the scrutiny of experienced practitioners like Bruno and Silveira.

"At my first training under the "Injector Coach" title, I am thrilled to work alongside my friend and colleague in the industry, Iani Silveira,? said Bruno. ?Iani's patented non-surgical butt lift technique is cutting edge in the industry, and she invented it herself after years of pioneering the usage of dilute biostimulators for body sculpting. Training injectors to bring this safely and effectively to their own practice is amazing and such an honor.?

The Bella Vida Instant BBL? uses RADIESSE® to sculpt and volumize the buttocks and hips. RADIESSE® is a type of dermal filler that triggers collagen production, a protein responsible for keeping skin firm and bouncy, resulting in a lasting procedure that not only changes patients? physiques but allows for skin-smoothing and healing effects. Patented by Silveira, Mind Body & Soul Medical?s training allowed students to become certified to offer the rare treatment at their own practices, something not many providers are currently licensed to do.

?I always value collaboration over competition in this industry,? added Bruno. ?Being able to use my platform to train injectors on this approach is a testament to our shared values in this industry and a sign of further

improvements for patients in the future. The conventional surgical BBL is an arduous and risky procedure that many don't qualify for. Iani has created a way to get your dream derriere without all the fuss, and the results are extremely desirable. It's not surprising so many providers want to get certified!"

Within her new role as The Injector Coach, Bruno looks forward to continuing on with trainings, especially for more rare procedures that require more advanced injectors, as well as branching out into other topics that represent her work at Mind Body & Soul Medical. Since opening her practice, Bruno has been active in training newcomers to the industry, using her years of experience in emergency medicine and deep understanding of anatomy to underscore her teachings.

Bruno's versatile training specializations have also enabled her to reach more providers, with her specialties encompassing injection coaching, business mentoring, and life coaching. Demonstrating her dedication to enhancing the service offerings of these providers, her session on November 4th focused on advanced injection techniques.

Mind Body & Soul Medical is open and taking appointments for new and existing patients.

About Mind Body & Soul Medical Aesthetics & Wellness

Mind Body & Soul Medical Aesthetics & Wellness is a medical spa and wellness center that was founded by Marlee Bruno in October 2018. Focused on regenerative medicine, healing, wellness, and aesthetic procedures, they provide high-quality care in a relaxing space. Considered a forerunner in popular aesthetic procedures like PDO threads, their scientifically backed services are provided by skilled practitioners who consistently stay atop of industry trends and technology to bring patients naturally enhanced results. Additionally, they provide tailored care plans with the goal of improving patients' beauty, health, and confidence with a broad range of services.
