

Celestial Stem | CBD & Wellness Operates Store in Mesa Where People in Phoenix Can Buy CBD Pet Treats

December 12, 2023

December 12, 2023 - PRESSADVANTAGE -

Celestial Stem | CBD & Wellness is excited to announce they have a cannabidiol (CBD) store in Mesa, AZ, where people in the area can buy CBD pet treats in Phoenix and more. The CBD shop is situated on Greenfield Road in Mesa just north of Baseline. It is next to EOS Fitness, which is found inside the Speakeasy Suites. They have on stock various CBD products that are not available in the market or other retail locations. They are also present in weekly farmers markets in Peoria, Mesa, Queen Creek and Gilbert, AZ.

The Celestial Stem CBD store serves as a one-stop shop for all types of CBD products, as well as non-CBD wellness products, for both pets and people. Available products include: CBD pet products, CBD gummies, CBD tinctures, wellness teas, non-CBD pet treats, pet supplements, CBD bath bomb products, CBD topicals, and CBD softgels.

Celestial Stem | CBD & Wellness ensures that they only provide high-end CBD products to provide the expected results. The products they offer have all been filtered and purified extensively to provide the desired purity and potency. They offer THC free broad spectrum and full spectrum CBD tinctures. These were

derived from extracts from hemp that have been organically grown in the US. The extracts contain a significant amount of cannabinoids, flavonoids, and terpenes. Both of their THC Free Broad Spectrum Oils and Full Spectrum Oils have these compounds. They were extracted from the whole hemp plant to allow users to get the additional benefits provided by the entourage effect.

They also offer CBN full spectrum products like the Celestial Stem's Night Time Tincture containing 1200mg of CBD and 600mg of cannabitol (CBN). CBN is the non-enzymatic oxidation by-product of tetrahydrocannabinol (THC). CBN is the go-to cannabinoid for a night time product that is a low affinity partial agonist for both CB1 and CB2 receptors.

CBN is a naturally occurring cannabinoid that is found in very low levels in full spectrum and broad spectrum extracts. The Celestial Stem night time products are a 2:1 ratio of CBD and CBN for the most effective blend. While most companies are just starting to dip their toes into CBN and CBG options, Celestial Stem has been offering and perfecting products focusing on these secondary cannabinoids for years.

Celestial Stem | CBD & Wellness was founded by Jason Axtolis due to his disappointing experience as a consumer of CBD products for his pets and himself. The CBD products that he was able to purchase seemed to be too expensive in view of their disappointing results and dosages. Jason set as the goal of the company to provide products with the best quality at affordable prices. In addition, they are always on the lookout on ways to improve their products to maximize their potency while also ensuring that their products are available at accessible prices. They conduct extensive beta testing for all of their products and will remove them from their list of products in case they don't provide excellent results. They have also substantially increased their range of CBD products to include essential oils, bath and body products, functional pet treats, herb extracts and crystals, and non-CBD health gummies.

Those who are interested in buying CBD products in Mesa can visit the Celestial Stem | CBD & Wellness website or contact them through the telephone or via email. The store is open from 10:00 am to 6:00 pm from Monday to Thursday, and from 10:00 am to 5:00 pm on Fridays and Saturdays.
