

The Farmacy Botanical Shoppe Is Offering Wyld Sleep Gummies in San Antonio

December 12, 2023

San Antonio, Texas - December 12, 2023 - PRESSADVANTAGE -

The Farmacy Botanical Shoppe, a CBD dispensary based in San Antonio, Texas, is now offering Wyld sleep gummies as a subscription along with a range of other high-quality CBD products.

Wyld's 500mg elderberry gummies are made with real fruit and feature the sedating effects of CBN (cannabinol) combined with broad-spectrum CBD. There is zero THC in this product, a fact that customers should keep in mind as the company's THC and CBD products feature similar packaging. The combination of CBN, a minor cannabinoid found in the hemp plant, plus CBD may be especially helpful for customers who are banking on obtaining a restful night's sleep.

Wyld's CBD + CBN gummies are gluten-free, vegan, made with real fruit, and feature THC-free broad-spectrum hemp that is lab tested and US grown," says the spokesperson for The Farmacy Botanical Shoppe. "The 500mg bottle includes 20 gummies per bottle and you get 25 mg CBD and 5 mg CBN per gummy. We also offer a 1000mg bottle that has 40 gummies. This is the perfect CBD gummy to doze off to and find yourself completely refreshed in the morning, ready to take on the challenges of a new day."

The CBD store features several 5-star reviews of Wyld's CBD + CBN gummies that praise the effectiveness of the product and its affordable pricing. One customer says, "I've been utterly amazed at how much better I am sleeping! As with many peri- and post-menopausal women, good sleep is just plain hard to get. But not anymore! I fall asleep and stay asleep and wake up refreshed EVERY day! My Fitbit tracker shows average sleep scores up 12 points year over year. What a tremendous relief!" Another customer writes, "This product is absolutely amazing. It has been years since I have had a good night's sleep and I feel like a new person."

Readers can purchase Wyld 500 mg CBD + CBN gummies for \$40 or the Wyld 1000 mg CBD CBN gummies for \$60. The Farmacy Botanical Shoppe now offers customers a subscription option so they can get the product on a recurring basis - weekly, monthly, every 6 weeks, or every 2 months - with a 10% discount.

San Antonio residents can also enjoy The Farmacy Botanical Shoppe's Delta 9 THC products, including Vegan Gummies from Valley Medicinals that offer 10 mg hemp-derived Delta-9 THC per gummy for just \$50. Many of the company's Delta 9 THC gummies are vegan, gluten-free, non-GMO, and have no artificial flavors or colors.

"Our hemp-derived THC products have less than 0.3% Delta-9 THC by weight," says the spokesperson. "The products are legal in all 50 states due to being derived from legal hemp and because the Delta-9 concentration is below the legal limit. The product may still, however, cause impairment, and you are not recommended to drive or operate machinery after consumption."

The Farmacy Botanical Shoppe has been providing personalized, local wellness solutions in the San Antonio area to help people and pets live their best lives, naturally. The store boasts a near-perfect overall rating of 4.9 out of 5.0 on its Google Business Profile from nearly 60 reviews. San Antonio residents thank the company for its wide range of CBD products, discreet and quick local deliveries, and the helpful and considerate staff at the retail location.

A recent review says, "I am so grateful for this company! I am a disabled veteran who suffers from anxiety and insomnia. These products have literally saved my life. I am able to have 7 hours of sleep because of these products. I am beginning to feel so much better than I was prior to this. The customer service is always kind and patient! Thank you so much!"

Readers are urged to find out more about The Farmacy Botanical Shoppe and its range of products by visiting its website.
