B Harris says about working with Sullivan Contracting, "We used Sullivan Construction LLC from Griswold, CT to do a roof on one of our homes and also full gutters on the entire house as well. The owner offered financing that was easy. The owner was easy to work with, and they were there when they said they would be there. They picked up their mess and no debris was left in the yard. They even used a device that has a magnet to ensure no screws were left in the yard or our driveway!?"

The customer also mentions that, "We have gotten many compliments as they did the siding as well. They offer a great product, and the owner had many options to choose from. The owner also provided proper insurances that I called to verify myself. Very happy with the product and the quality and their workmanship!?"
