Davenport Urgent Care Clinic Is Helping Patients Avoid A Trip To The Emergency Room

November 28, 2023

DAVENPORT, Iowa - November 28, 2023 -
Amana Care Clinic is helping Quad Cities area residents get the urgent care they need without having to visit the emergency room if the situation does not warrant it.

Emergency room visits in the United States can cost upwards of $2,200 on average, according to UnitedHealthcare, one of the most prominent insurance carriers in the country. For many conditions, hospital emergency room visits are overkill as they are just not required depending on the severity and urgency of the situation. In such cases, walk-in urgent care clinics, such as Amana Care Clinic in Davenport and Muscatine can provide all the services that patients need to get treated and feel better.

The walk-in clinic can help patients with a range of minor health conditions and services such as abrasions, back discomfort, bites, burns, childhood illnesses such as rashes, pink eye, or eye symptoms, impetigo, cold symptoms such as sore throat, fever, or cough, cuts or lacerations, needing stitches, wound follow-up, wound recheck, dressing change, and removing sutures, diarrhea, ear pain or infection, fish hook removal, fractured bone, injuries of the foot, ankle, knee, hand, wrist, and elbow, joint pain, muscle injuries such as pulls, strains, or sprains, rashes, sinus pain or infection, sunburns, sports physicals, urinary tract infection, vaginal discharge, full lab services, and X-rays.

The spokesperson for Amana Care Clinic says, ?When you are injured and hurting, your first instinct is to head to the hospital to get urgent care. However, depending on the health condition, you are more likely to end up overpaying at the hospital for care that could be delivered just as accurately and efficiently by experienced doctors and qualified nurses at an urgent care clinic. At Amana Care Clinic, we are the first line of defense against a range of health conditions. Our certified staff, state-of-the-art facilities, exam rooms, and X-ray and laboratory equipment enable us to deliver top-notch care affordably and quickly.?

Quad Cities residents have repeatedly thanked Amana Care Clinic for quickly diagnosing and treating a full

range of urgent care needs. Its Google Business Profile even boasts a stellar overall rating of 4.8 out of 5.0 from nearly 1800 reviews. Patients praise the certified and experienced staff at the clinic for their timely and compassionate care, quick waiting times, and friendly customer service.

A recent review says, ?My experience at the Amana Care Clinic in Davenport, Iowa was truly exceptional. I'm away on business, and this clinic came highly recommended in the area, and now I understand why. From the moment I walked in, I was treated with the utmost respect and care, both by the reception staff and the doctor. In just about half an hour, I had all the answers I needed and a clear care plan. If I were from this area, I'd choose Dr. Vicki Hughes as my primary provider without hesitation. This clinic's dedication to excellent care left a lasting impression on me.?

Another patient writes, ?This was my first time using Amana Care. I was incredibly impressed and will be going there in the future. First, we scheduled the appointment online and my son?s appointment was at the exact time that they predicted. Second, the nurse was very friendly, the doctor came in immediately after the nurse left, and the X-ray tech was ready when the doctor was done checking him. After the X-rays, the tech gave him a popsicle and turned on the TV for him. Our entire experience was fast, kind, and professional. I will be recommending this walk-in clinic to my friends and family!?

Amana Care Clinic has two locations. The one in Davenport is located at 2162 W. Kimberly Rd, Davenport, IA 52806. Its Muscatine location is located at 1903 Park Ave Ste 1500, Muscatine, IA 52761. The two locations can be contacted at (563) 388-7000 and (563) 263-1903 respectively.
