AllFloors Trade Centre - Maidstone Invites Community To Browse Laminate Flooring

November 27, 2023

Kent, England - November 27, 2023 - PRESSADVANTAGE -

UK based AllFloors Trade Centre - Maidstone is inviting the community to browse their expansive selection of laminate flooring. In addition to boasting a sizable inventory, the store also provides an all-inclusive fitting service, allowing homeowners, builders and other parties to have all their flooring needs met under one roof.

There are numerous reasons why a customer would prefer laminate flooring over other options. To begin with, it offers great practical value despite being incredibly affordable, making it one of the most attractive options on the market at this price point. As a synthetic solution, laminate flooring consists of a central image layer, sandwiched between a wood chipboard base (or plastic) and what is known as a 'wear layer'. AllFloors says the image layer allows this flooring to carry virtually any design, mimicking even natural wood while offering a number of strong benefits.

Chief among these benefits, customers will be pleased to learn, is the material's durability. Laminate flooring is known for its suitability in homes as it is more than capable of standing up to everyday wear and tear.

Thanks to its resin wear layer, it can even prove more durable than hardwood, vinyl and so on. Households with pets or children may also find laminate flooring to be particularly beneficial since it can resist scratches with ease, and its long life-expectancy means a room or building will not need new flooring for quite some time.

Some may expect this toughness to be accompanied by the need for a great deal of maintenance as a trade-off, but AllFloors says this is not necessarily the case. The brands they carry offer resistance to spills and stains, with sweeping or mopping alone being enough to clear their laminate flooring of any regular blemishes. It is also easy to install, and most will find that they can handle the entire process themselves.

Should a customer wish for professional assistance with laminate flooring (or any type of flooring), however, they can rest assured that AllFloors Trade Centre will be pleased to dispatch a team of experienced installers. Customers need only inform the store if they desire help, following which they can schedule an installation at their convenience. Many have already utilized this service for a range of flooring options, as is evident in AllFloors' online reviews.

A five-star review of AllFloors Trade Centre says, "Great service, our Moduleo flooring looks amazing. We had our front room and office done first, then later had our hallway done. A couple of slight hiccups in the office were dealt with competently. The fitter was very professional, too. Would recommend and use again."

Another recent review, also awarding the store a full five-star rating, shares the experience of a customer who found AllFloors Trade Centre through a friend's referral. According to the company, such referrals are common, and the team takes this as a positive sign that their service is adequately meeting customer satisfaction goals.

Others may judge for themselves by reading the review in question, which says, "We went to AllFloors, as recommended by a friend. They provided a professional, prompt service and offered premium products to choose from. The flooring has a Lifetime Guarantee. We were able to take home large sample boards to see how the floor would actually look in situ, and this helped with making our choice."

In certain situations, a location may require additional work. AllFloors' team has worked on all manner of properties, and each member is exceptionally adept at problem-solving when required. On top of this, AllFloors explicitly encourages their team to resolve any challenges onsite when possible.

As the review notes, "We needed part of the flooring raised to make it all one level, and this was completed by All Floors, too. All the workmen were hardworking and tidy. We are delighted with the final result and are likely to return to have our stairs and landing carpeted. As a bonus, they also accept the Blue Light card, so we got a discount! Thank you."

AllFloors Trade Centre - Maidstone encourages customers to get in touch today if they have any questions about the laminate flooring options on offer. Flooring is available for a range of budgets, and customers are always welcome to visit the store in person to see AllFloors? inventory for themselves.
