AllFloors Trade Centre - Maidstone Recommends LVT

November 27, 2023

Kent, England - November 27, 2023 - PRESSADVANTAGE -

UK based AllFloors Trade Centre - Maidstone is recommending that homeowners and other parties consider installing luxury vinyl flooring (LVT) on their properties. The store, which carries a diverse range of LVT flooring, also offers the use of their professional fitters to ensure every customer's purchases are correctly installed.

According to the flooring store, LVT is suitable for both residential and commercial properties. Its durability, aesthetic allure and more make it a highly popular flooring option throughout the region, especially since it can come with any of a range of modern designs. AllFloors Trade Centre is proud to both supply and install LVT for their customers. The store also assures that an LVT installation will not take up too much of a customer's time or inconvenience them unduly, and the floors will be usable fairly soon after the team leaves.

"We encourage you to speak to our installers as your property may require special care," states a representative from AllFloors Trade Center. "Typically, however, LVT flooring may be safe to walk on around 24 hours or so following installation. Note that additional time may be needed before your luxury vinyl tile is

ready for furniture.

This minor drawback aside, the store says there are many reasons why LVT is popular in the community. Along with an easy and straightforward installation process, property owners are able to enjoy flooring that boasts a long lifespan, requires little to no maintenance and remains stylish for years to come.

It is also waterproof, making it ideal for kitchens, bathrooms and so on. AllFloors Trade Center explains that luxury vinyl planks are composed of multiple layers that each contribute to the flooring's overall water resistance. A customer, therefore, can rest assured that spills, splashes and so on will not have an adverse effect on their new floors. LVT is not known to warp or buckle when exposed to moisture in such conditions. Naturally, this also means they will not suffer from mould or mildew.

Despite being recommended for kitchens and bathrooms, AllFloors Trade Center says LVT can be used in any room the customer pleases. It is highly resistant to wear and tear, for instance, which makes it an excellent choice for high-traffic areas, such as corridors. Conversely, luxury vinyl flooring does not require much in the way of maintenance ? AllFloors Trade Center simply recommends a simple mop or sweep on occasion to keep it clean.

AllFloors Trade Center is delighted to share that their flooring options and installation services have made them the premier provider for many in Maidstone and beyond. Virtually every five-star review of AllFloors Trade Centre comments on the diversity of options on offer as well as the expertise and professional conduct of their installation teams, and this is evident both online and off.

As Nadine S. says, "From start to finish, I'm really pleased we chose AllFloors for all our flooring needs. From the welcoming and knowledgeable staff in the showroom to the fitters who all went over and above and had great attention to detail. I'm really pleased with the quality of flooring chosen throughout and prices we paid. Communication from the team was very timely, and nothing was too much trouble. I would highly recommend AllFloors to anyone needing flooring from carpets to LVT, and I will definitely use them in the future."

In another review, Nicola B. says, "We went to AllFloors as recommended by a friend. They provided a professional, prompt service and offered premium products to choose from. The flooring has a Lifetime Guarantee. We were able to take home large sample boards to see how the floor would actually look in situ, and this helped with making our choice. We needed part of the flooring raised to make it all one level, and this was completed by AllFloors, too. All the workmen were hardworking and tidy."

AllFloors Trade Center looks forward to working with customers who wish to redo their floors in the near future. Examples of the store's offerings may be viewed on their official website, but it is recommended that

customers visit AllFloors Trade Centre - Maidstone to examine each option in person. This is the best way to determine what is right for their property.

Inquiries may be directed to AllFloors Trade Center via phone or email. AllFloors Trade Center is also active on social media.
