Clean Cut Roofing & Siding Offers Affordable Roofing Near Me in San Pete County

November 20, 2023

November 20, 2023 -

Clean Cut Roofing & Siding, a company based in Mount Pleasant, Utah, takes pride in offering affordable and reliable roofing services in San Pete County and surrounding areas. As a certified shingle roofing contractor Sanpete residents can depend on, Clean Cut has been delivering some of the best roofing contractor services in the area to neighbors, friends, and other fellow community members. Meanwhile, they currently have an overall rating of 5.0 out of 5 stars on Google and in a recent review, Zac Dimmick gave them five stars and said, ?Great quality work. Good to communicate and coordinate work. Would recommend to anyone.?

A key component of the ability of Clean Cut Roofing & Siding to provide reliable roofing and siding services is the fact that the company, which is owned and operated by Vern Akauola, is one of the only five companies in Utah that are certified as a Malarkey Emerald Premium Contractor, which enables them to offer their customers a fully non-prorated material warranty, including a 25-year workmanship warranty on all of their shingle re-roofs that use Malarkey Roofing Products.

For residential roofing, Clean Cut Roofing & Siding offers: roof installation, roof repair, and roof

inspection. For commercial roofing, they offer: commercial roofing repair, commercial shingle roofing, and commercial metal roofing. For siding installation or repair, they: install new siding, repair siding, and offer free siding estimates.

Vern Akauola says, ?It's our goal to hire and train only the best ?roofing specialists? and ?siding technicians? to deploy to our home exterior service areas. Furthermore, our goal as a provider of roofing Sanpete residents can rely on, is to look for experts that already know their way around the world of roofing and siding as well as individuals new to the world of construction that are eager to learn and excited to be part of a team that focuses on excellent work.?

Clean Cut Roofing & Siding specializes on Malarkey Roofing Products due to a number of reasons. The primary reason is that Malarkey always provides support their products and their Certified Premium Contractors. Another important reason is that all Malarkey architectural and designer shingles are provided with smog reducing granules, which allow them to be environmentally friendly. These granules are activated by the sun?s ultraviolet radiation to breakdown the smog particles. This converts the harmful gas to a more plant-usable form of nitrogen that remains on the roof until it gets washed away by rain or snow.

Vern Akauola explains, ?With each shingle that we offer, on an average sized roof of 30 square, has the smog fighting potential of 2 or more trees along with the use of about 5 recycled rubber tires and 350 plastic milk jugs.?

They can also provide flat roofing services for both residential and commercial roofing. Two typical alternatives for flat roofing are thermoplastic polyolefin (TPO) and ethylene propylene diene terpolymer (EPDM). For flat roofing, they frequently use the Mule Hide TPO roofing system in most applications. It provides the advantages of being fast to install and economically efficient. TPO roofing provides the benefits of strong resistance to fire, industrial pollutants, air borne bacteria, and UV rays.

Launched in 2004, Clean Cut Roofing & Siding provides roofing services for both commercial and residential buildings in Sanpete County and nearby areas. Their roofing professionals have been in the industry for 25 years, which ensures they have the expertise to properly handling the repair or installation of roofing and siding for all kinds of styles, including soffit and fascia. The company is a family operated and oriented business, which affords them a unique understanding of the value of safety while doing the roofing project. The quality of their work has been attested to by the five star reviews they have been receiving. They have also been voted the best Sanpete County Roofing Contractor for 10 years in a row. The areas they serve include: Sanpete County, Emery County, Carbon County, Sevier County, Juab County, and Millard County.

Those who are interested in finding dependable Sanpete roofers can check out the Clean Cut Roofing & Siding website or contact them on the phone or through email.
