Sullivan Contracting, a company based in Griswold, CT, is offering quality roofing solutions in Norwich and nearby areas. Aside from roofing services, they also offer installation and repair services for sidings, windows, and decks. They take pride in setting the standard for roofing services in Norwich and the whole Eastern Connecticut. Whether the need is a small roof leak repair or a complete roof replacement, homeowners and other property owners can rely on Sullivan Contracting.

George Sullivan from Sullivan Contracting says, "We'll carefully inspect your roof to discover the source of the problem or determine the size of the project in the case of an installation. Once we've determined the scope of the project, we'll provide a free detailed proposal for the cost and the work to be done. Sullivan Contracting provides excellence in all roofing services, windows, gutters, and siding projects. We have many years of experience and can discuss the benefits and drawbacks of all the options on the table, so that you can make an informed decision when planning your project."

Sullivan Contracting offers different kinds of colors and styles for roofs, gutters, windows, and sidings, thus ensuring that homeowners and other property owners will find something suitable for their property. Their

team or roofing professionals will visit the property and inspect the roof to identify the underlying cause of the problem or estimate the project size in case of a roof installation. After making an estimate of the scope of the project, they will submit a free detailed proposal to the client regarding the cost of the project and the different details of the tasks to be done, whether it is a roof leak repair or a full roof replacement.

For those who are looking for roofers near me in Norwich and surrounding areas, they may want to note the different factors that differentiate Sullivan Contracting from other similar providers in the area. First, they offer completely free roofing estimates. Second, they always offer 100 percent clean up at the project site. Third, their team of roofing professionals are experts and have over 20 years of experience. Fourth, the company is completely licensed, insured, and bonded as a roofing contractor. Fifth, they have an A+ rating from the Better Business Bureau (BBB) and are Top Rated at HomeAdvisor.

Sullivan Contracting also offers vinyl siding installation for homes in Norwich, Old Saybrook, New London, Grisworld, Middlesex, Putnam, Danielson, Colchester, Glastonbury, and neighboring areas. An important advantage of vinyl siding is that it will continue to look good for several years even with exposure to extreme elements. Another advantage offered by vinyl siding is its spectacular performance without needing any maintenance. It is also important to note that the vinyl material will shed moisture rather than absorb it. It will also not be damaged by moisture and it will not support mold or mildew growth.

They can also provide window replacement, offering various materials for the windows, such as wood, aluminum, fiberglass and vinyl. Wood is the traditional material for windows and offers classic natural beauty and excellent insulation properties. Vinyl windows are inexpensive, durable, and easy to maintain. Fiberglass windows offer better strength than wood and they can be painted, unlike vinyl. Aluminum windows are more durable, lighter, and easier to handle compared to wood.

Launched in 1982, Sullivan Contracting is a family-owned and operated roofing company that has been serving homes and other buildings in Eastern Connecticut and neighboring area for over 10 years. This roofing contractor company is led by a professional upper management team with a combined experience of over 20 years. They are fully bonded, insured, and licensed and offer industry leading manufacturer warranties. They also provide services for sidings, windows, and decks. They provide a comprehensive guarantee from start to finish and they always use top quality products and also offer financing options. Their service area includes Tolland, Middlesex, Hartford, Windham, and New London Counties.
