A recent review says, ?Great service! We booked with them last minute after having trouble with our original reservation from one of the airport car rental chains. We picked our lifted Jeep up less than 10 minutes away from the airport, with no lines, and no waiting, everything was done online and through text message! Couldn't have been easier or more convenient. And we are so glad we got a lifted Jeep!! We visited a few beaches that were AMAZING and we couldn't have gotten there w/o a lifted 4x4. We are also stoked that it's a local family-run business, which I would much rather support! Thanks again!?

Another customer writes, ?Love this company! I was in Hawaii for a family vacation and wanted to support a small local business. Hawaii Lifted Jeep was recommended by a friend and I?m glad I went with them. Reasonable prices and are super easy to work with. They text you instructions and even tips about the big island. Their Jeep selection was beautiful, they really take care of their vehicles. Highly recommend!?
