This five-star review of The Ultimate Flooring says, "Second time I have used Ultimate Flooring. They did a first-class job that really looks good. They extended the area we had covered nine years ago and the new wood is fully compatible with the old which tells you how well the quality lasts. They fitted in with a tight rebuild schedule which really helped. We will be using them again."

Another review says, "I would thoroughly recommend The Ultimate Flooring company. Shafique was extremely knowledgeable and professional. His team was very helpful and tidy on site. Previously the wooden floorboards were varnished in a dark stain so instead of replacing the whole floor, Shafique suggested restoring the oak flooring back to its original colour. I am so pleased with the result. A huge saving on cost and by lightening the floorboards, it has made the whole space look bigger. I would not hesitate to use the Ultimate Flooring company again. An excellent experience from start to finish."
