Medsource USA Offers a Wide Range of Medical Exam and Treatment Tables

December 18, 2023

December 18, 2023 -
Medsource USA, which is based in Bloomington, IL, offers a broad range of medical exam and treatment tables. These are high-quality medical tables, which are vital for various kinds of healthcare professionals. These include: Hi-Lo tables, mat tables, bariatric tables, traction tables, tilt tables, pediatric tables, wood and metal tables, and various table accessories.

The Hi-Lo tables provide the perfect solution for doctors and other healthcare practitioners who are looking for an efficient and versatile medical exam table. These tables are equipped with powerful electric motors and can quickly, safely, and easily adjusted to different heights to suit the specific needs of both practitioners and patients. These tables have been designed to be extremely strong to make sure they can accommodate even the heaviest patients.

These Hi-Lo tables can be used by a broad variety of healthcare providers, including those who are involved in massage therapy, occupational therapy, bodywork, therapeutic manipulation, and other rehabilitative services. Electric Hi Lo tables feature multi-directional tilting to simplify the performance of a range of physical therapy techniques. Hi Lo Tables are specifically beneficial for disabled and elderly patients, whose needs

may include comfortable lifting and multi-directional movement during the medical examinations. These tables make sure patients have a dignified and professional experience, preventing any fears about returning for future visits.

They also have a range of high quality mat tables, which are also known as treatment or therapy tables. These tables are designed to cater to the needs of healthcare providers who require a stable, durable, and comfortable surface for performing patient exams and treatments. The primary benefits of these mat tables include: expert support, competitive pricing, premium quality, guaranteed satisfaction, and fast shipping.

They also offer various kinds of bariatric tables that are designed to have the capacity of supporting bigger patients, ensuring their safety, dignity, and comfort during medical consultations and procedures. These bariatric tables have a range of features. These include: adjustable heights, reinforced construction, improved weight capacity, and large surface area. Bariatric tables have a larger weight capacity, accommodating bigger patients safely and comfortably. These tables are provided with hydraulic and electric height adjustments to allow easy patient access and ergonomic positioning. These are built using high quality materials to ensure stability and durability. They have a broader surface area for better patient comfort during exams and treatments.

They also have a range of high quality traction tables that have been engineered to maximize healthcare practitioner ease and patient comfort for physical therapy and chiropractic practices. They can facilitate treatment for different conditions such as herniated discs, sciatica, and degenerative joint diseases, offering patients with much-needed relief. Examples of traction tables available through MedSource USA are the: Armedica AM-150 Treatment Table, Armedica AM-200 Treatment Table, Armedica AM-100 Treatment Table, and more.

They also provide a range of tilt tables that are specifically designed to help in the rehabilitation of patients, providing a range of advantages, such as circulation, balance, and improved muscle tone. These tilt tables have advanced features, such as secure patient strapping and smooth electric tilting mechanisms, to ensure patient safety and comfort. They?re suitable for a wide range of medical settings, from hospitals to physical therapy clinics.

They also provide high quality wood and metal medical tables that offer a combination of traditional aesthetics and modern functionality. The wood tables are constructed from premium quality and durable wood to ensure longevity and provide a warm, inviting ambiance for patients. Meanwhile, the metal tables are built using industry-grade stainless steel to provide easy maintenance and long-lasting performance.

Established in 2002 by Todd Fagley, Medsource USA is a leading provider of premium medical tables, designed to cater to the various needs of different kinds of healthcare professionals. Their broad selection of

medical tables is optimized for durability, comfort, and functionality, ensuring that the best possible care is given to patients.

Those who are interested in learning more about the Medsource USA Tables can visit the Medsource USA website or contact them through the phone or via email. They are open from 8:30 am to 5:00 pm CST, from Monday to Friday.
