

Trust Insurance Offers Private Health Insurance in Cyprus

December 06, 2023

Aglangia, Cyprus - December 06, 2023 - PRESSADVANTAGE -

Trust Insurance is happy to announce they are offering private health insurance in Nicosia, Cyprus, which is called "TRUCARE." This is a health insurance plan with extended and specialised medical health insurance coverage. The specific policy can be adjusted based on the needs of the client. The client can also choose a plan to complement current coverage provided by the General Healthcare System (GHS).

A spokesperson from Trust Insurance says, "Protect your and your family's health with reliable health insurance in Cyprus. We offer specialized private medical insurance plans, full and flexible, with benefits and coverage abroad. TRUCARE is an innovative, dynamic and multi-purpose medical care insurance program offering out-hospital and in-hospital care treatment."

It covers emergency medical assistance and hospital treatment abroad. Optional benefits can also be included, such as: out-hospital medical treatment and yearly check up and extended coverage abroad. The basic plan benefits and covered treatment include: room and board; doctor, surgeon and anaesthesiologist fee; laboratory diagnostics, medicines and other consumables; expenses before and after medical treatment; accommodation costs for minor companion; and hospital treatment outside of Cyprus. It also covers surgery without overnight stay. This will cover operating surgery room costs and the fees of the surgeon and anesthesiologist. Child birth benefits in the form of lump-sum allowance are also provided for normal birth delivery / cesarean section, and abortion / cervical. It also covers home nursing, organ transplants, and hospital cash benefits.

Additional benefits provided by the health insurance "TRUCARE" include: direct settlement with hospital or clinic; emergency medical assistance abroad and extension coverage; discount for families and group plans; immediate response and settlement of claims; and 24 hours customer service.

The spokesperson adds, "Health insurance might seem complicated to grasp initially. In general, it helps

cover the cost of medical bills, prescriptions, preventative care, and emergency treatment in case of a sudden illness or injury. Knowledge of how health insurance works enables individuals to understand typical expenses, what is included in their plan, and their financial obligations. It is essential to do your research and make an informed decision on what health insurance plan is ideal for your case.?

Health insurance is designed to cover the cost of healthcare services in private clinics and hospitals for the insured person or a group of people, in addition to the costs of prescribed medication. The purpose of health insurance is to offer adequate protection for people from the high cost of medical care. A monthly premium is paid to the insurance company, and in return, the company will pay a certain percentage of the medical expenses of the insured individual. The actual amount or percentage will depend on the kind of plan chosen.

Private health insurance can provide various benefits. These include: financial security; flexibility and control over a person's healthcare; broader range of coverage options, including coverage for alternative therapies and other elective procedures that may not be covered by public health insurance; faster access to medical care; peace of mind in the knowledge that medical care is readily accessible in case of sudden sickness or a medical emergency; and tax deductions for the premiums paid. Private health insurance can be accessed through a local insurance agent in Cyprus or through the insurance company's website. Many health coverage options are available in Cyprus, including high-deductible or short-term policies.

Founded in 2009, Trust Insurance offers reinsurance and management services to the direct insurance companies of Nest Group. Trust Insurance Cyprus is under the umbrella of Nest Group, which operates in over 23 countries in Europe, North America, Middle East/ Gulf Region, Africa, and the Far East for over 20 years.
