

Toronto Furnace Repair Business Opens New Showroom

December 22, 2015

December 22, 2015 - PRESSADVANTAGE -

Consumers Comfort Inc., a business in Toronto, Ontario, Canada, is proud to announce that they have opened their doors to a new showroom, which is situated in the largest home improvement center in Canada. Customers will be able to access all the various heating, cooling and indoor air quality products that the company, which focuses on HVAC and furnace repair and maintenance, offers.

"We're so happy to have opened our new showroom in such a prominent location," says Edgar Brown from Consumers Comfort Inc. "It is an opportunity for us to better showcase the services that we offer, and also to build more meaningful relationships with our customers, who can now have a much clearer idea of the work that we do and the services that we offer."

The new showroom clearly demonstrates how the company provides HVAC solutions to all different types of people and households. Regardless of someone's family size, and regardless of their budget, Consumers Comfort Inc. guarantees that they will be able to find something that is suitable to their needs. It is this very dedication to their customers that has quickly earned the business the reputation as being one of the best in the region.

"This letter is to thank you for a job well done, outstanding cooperation and extra efforts during the course of the entire furnace installation phase," says Florence H. "You kept all established deadlines, worked very well with the entire construction team and produced a project that had zero items on the final punch list. It has been a pleasure to work with you and your staff on this project and I hope to have the opportunity to work with you and your company in the future."

Consumers Comfort Inc. encourages all Toronto residents and beyond to visit them in their new showroom. As they are now based in such a large and popular location, people have the opportunity to really make a day out of it and gain information about their air quality and their other heating and air conditioning needs. The showroom features a number of the actual products the business offers.
