Yarnell Overhead Door Ltd Announces Expansion with New Port Colborne Location to Better Serve the Niagara Peninsula

December 06, 2023

December 06, 2023 - PRESSADVANTAGE -

PORT COLBORNE, Ontario ? Yarnell Overhead Door Ltd, the trusted name in providing exceptional door solutions, is proud to announce the opening of its new location in Port Colborne. Continuing their tradition of excellence in servicing the Niagara Peninsula, Haldimand, Dunnville, Simcoe, Caledonia, and Hamilton, the company has made a strategic move to solidify its presence within the Niagara Region and increase its warehouse capacity.

Since its inception in 1986 by Jack and Ross Yarnell, Yarnell Overhead Door Ltd has upheld its commitment to quality, reliability, and unsurpassed customer service. With over 30 years of industry expertise, the company has established itself as a leader in the sales, service, installations, and design of residential, commercial, and industrial doors and products. This steadfast dedication has won them the loyalty of their extensive clientele and has propelled their growth as a full-service provider of overhead door solutions.

"Our expansion into Port Colborne was born out of the need to provide faster, more efficient services to our ever-growing customer base," shared the company's spokesperson. ?The new facility will not only offer a

more extensive warehouse to stock premium overhead door products but will also allow us to respond more quickly to the unique needs of each customer in the region.?

The newly added location enhances Yarnell Overhead Door Ltd's ability to offer a vast selection of door systems, including the complete Richard Wilcox Product line, for which the company is a proud Master Distributor. Their commitment to excellence is further underscored by their status as a CWB Certified company with certified technicians who ensure the highest standards of installation and service.

Additionally, the inception of Yarnell Industrial Products in 2004 broadened the company's portfolio to encompass a comprehensive range of industrial products. From wheel chocks, dock locks, truck seals, overhead doors, dock levers, dock lighting, hand carts, conveyor systems, shelving, storage, to cleaning supplies, the company's inventory is designed to meet the diverse needs of their industrial clients holistically.

The expansion is a testament to Yarnell Overhead Door Ltd's forward-thinking strategies and understanding of market demands. The Port Colborne facility represents their adaptability to thriving market trends and their dedication to deliver an unrivaled caliber of products and services.

Residents and businesses in the Niagara Peninsula and the surrounding areas can expect unwavering reliability and customer-centric service from the dedicated team at Yarnell Overhead Door Ltd. To commemorate the launch of the new location, the company will be hosting an open house event, offering customers the opportunity to explore the comprehensive range of products and services tailored to meet the varying needs of their clientele.

With a deeply ingrained ethic of excellence and innovation, Yarnell Overhead Door Ltd continues to set the standard in the overhead door industry. This expansion is not only a commitment to serve the community better but also a statement of the company's vision for continuous growth and improvement. As the company enters a new chapter, the customers of Yarnell Overhead Door Ltd can anticipate enhanced access to premium products and the same outstanding service that has made the company a household name.
