

California Nurse Staffing Agency Offers Healthcare Facilities Premier Nurse Staffing

December 11, 2023

SAN FRANCISCO, CA - December 11, 2023 -
NurseRegistry is a leading California nurse staffing agency when it comes to providing local healthcare facilities and organizations with exceptional nursing talent. They have more than 500 nurses and only work with RNs and LVNs to ensure the best care possible for patients. With three California offices in Palo Alto, Santa Monica, and San Francisco, NurseRegistry has the reach to staff facilities all across the Golden State.

NurseRegistry offers its nurse staffing services to a multitude of healthcare facilities, such as rehab centers, hospice care centers, skilled nursing facilities, assisted living facilities, psychiatric facilities, residential eating disorder facilities, schools, hospitals, surgery centers, and more.

Every nurse who works with NurseRegistry is properly vetted to save healthcare facilities their own time and resources. Instead, healthcare facilities can rest assured that every nurse who enters their facility is skilled, educated, and can seamlessly adapt to their work environment.

Melissa Fischer, LVN, CEO of NurseRegistry, says, ?With a registry this large and over ten years of serving facilities here in California, we are always confident that we can cover any placements you may have. Even your more nuanced staffing needs can be easily covered by our healthcare staffing agency.?

California facilities can take advantage of NurseRegistry?s benefits, including a streamlined staffing process, industry-leading scheduling flexibility, the ability to place nurses on short notice (within 48 hours), and more. Most facilities will appreciate the fact that the agency also assigns a dedicated client coordinator to assist in every step, eliminating any opportunity for confusion or inefficiency to cause delays.

In addition, NurseRegistry offers assurance that there are no hidden charges, upfront costs, or overtime charges; and thoroughly vetted nurses with a range of specialty skills.

Those who are interested in NurseRegistry?s nurse staffing solutions can learn more at https://www.nurseregistry.com/healthcare-staffing/california/ or contact them on the telephone or through email.
