

# Roofing Contractor Moves To New Office In Neenah, WI

*December 18, 2023*

NEENAH, WI - December 18, 2023 -
WI based Rosenow Customs would like to inform the community that the team has moved to a new location. Those interested in working with the home exteriors contractor may now find them at 1846 Oakridge Rd, Neenah, WI 54956. Their services extend to Roofing, DECRA Stone Coated Metal Roofing, Siding and Windows.

The company states, ?Our new location will enable us to serve the community with greater flexibility, and all of our client-centric home improvement services will continue to be available to you. If you have worked with us before, then you know what we are capable of, and we warmly invite new clients to get in touch if they wish to plan future projects with us.?

As a full service roofing contractor, for instance, Rosenow Customs understands how crucial it is to ensure a roof is ready to protect a home?s resident from the elements. While aesthetic appeal and cost savings remain high priorities for the company on every project, the foremost consideration is always safety and functionality, and homeowners throughout the region can rest assured that their Rosenow Customs roof will meet and exceed all expectations in this regard.

The team boasts decades of experience in the industry, experience which is always placed at the disposal of the company?s clientele. Each project is also headed by an industry expert whose primary role is to discuss a project?s goals with the client and then watch over its progress all the way to completion. This ensures the core team will stay on target and deliver exactly what the client has ordered, down to the most minute specification.

?The average homeowner may know a fair amount about roofs,? acknowledges the company, ?but they are unlikely to be experts. Unless you are a roofer yourself, you will need a specialist?s guidance, and you can trust Rosenow Customs to educate you regarding your options. If you don?t understand what the ramifications of certain options may be, don?t worry. After you?ve spoken with our team, all your concerns will be laid to rest.?

The same is true for the other services offered by Rosenow Customs. Windows, for instance, can have a great impact on the aesthetic and comfort of a home, and this is why it is strongly recommended that upgrades or replacements be made after careful deliberation.

Examples of the company?s work can be readily found online, as in this 5-Star review from one of their clients: ?My cedar siding and roof were in serious disrepair. I got a consultation from Rosenow Customs and was really impressed with their selection and how fast they could get to my project. When other companies are booking months and months out, Rosenow had my entire project done weeks after my first call. They worked with multiple sources to get the best deals on raw materials. My house looks brand new, the crews were so fast and professional. Three separate people did clean ups after each step. Seriously impressive work.?

The company is highly respectful of the fact that clients ultimately leave their homes in the team?s hands, and this respect is present no matter how minor or extensive a project may be. Whether a homeowner is having their entire roof replaced or simply wishes to refresh their siding, they can be confident that their home is in the best of hands. The team treats every home as if it were their own.

?Highly recommend Rosenow Customs for your roofing needs,? says another review. ?Joe and Shane are great to work with for estimates and the actual replacement. Everyone was very nice and communicated every step of the process. The roofing crew was on time and very efficient with their work. The job was well done on both our house and garage, and they made sure to thoroughly clean up when they were finished.?

Rosenow Customs invites homeowners in Neenah and beyond to schedule their free consultation today to

discover what home improvement options would work best for their situation. More information can be found on the company?s website and social media spaces. Alternatively, clients may learn more here: Read More.
