Local Pest Solutions Introduces New Subscription Pest Control Service

December 12, 2023

Lodi, California - December 12, 2023 -
Local Pest Solutions is excited to launch its new Subscription Pest Control Service. The subscription service provides customers convenience, cost savings, and peace of mind, ensuring homes and businesses stay pest-free year-round.

With the new Subscription Pest Control Service, customers can enjoy various benefits, including bi-monthly property inspections by trained and certified technicians to detect signs of pest activity early. Additionally, routine pest control treatments tailored to their property's unique needs help prevent infestations before they start. As a subscriber, customers will also receive priority scheduling for any additional services needed between regular visits.

The Subscription Pest Control Service offers flexible plans to suit every customer's pest control needs and budget. Regular treatments allow customers to enjoy continuous protection against pests, reducing the chance of damage-causing infestations. The service is a cost-effective way to manage pest control expenses, saving customers money eventually.

"We are excited to launch our new Subscription Pest Control Service and provide our customers with a reliable, hassle-free solution to their pest control needs," said Mr. David Wimpey. "Our expert team is committed to ensuring our customers receive exceptional pest control and customer service."

About Local Pest Solutions:

Local Pest Solutions is a family-owned and operated pest control company that has been delivering its services to residents of Sacramento and surrounding areas since 2021. Their pest control specialists have been in the industry for over 15 years. They always treat their customers like family, which they believe is the reason for their success. They also handle each case individually while adhering to the principles of Integrated Pest Management. As a full-service Sacramento pest control provider, services include general pest control for homes and commercial buildings, cockroach extermination, and control services for ants, ticks, fleas, wasps, hornets, bed bugs, and rodents.
