A recent review says, ?We just hired Jensen Exteriors to redo our roof and add in extra rooftop vents. Our neighbor recommended them to us, and we are so happy we went with them! They have competitive pricing, great (quick) communication, and are very knowledgeable and friendly. The four guys that did the roof work were a joy - respectful, nice, also good communicators - and they did a fabulous job! I didn?t expect the roof to look so good!! They cleaned up the job site and got the dumpster and porta potty out of our front yard in a timely fashion. Overall, I would highly recommend them! Thanks, everyone at Jensen!!!?

Another customer writes, ?I had a wonderful experience with Jensen Exteriors. I had received a bid from another company that was very high. The man from Jensen went up into my attic with his Go-Pro camera and showed me that the mold problem that the other company claimed was a big problem was very minimal. He gave me a very fair bid and I chose to go with Jensen. They had the job done in a day and a half. They cleaned up so well after taking off the original roof. I am so pleased with my experience with Jensen Exteriors!?
