

## **Bristol Letting Agents Add Systems To Respond To Boom In Rental Demand**

*January 27, 2016*

January 27, 2016 - PRESSADVANTAGE -

Intire Letting Agents Bristol, based in Bath, United Kingdom, is proud to announce that they have put systems in place to respond to the increase in demand for rental properties. This increase in demand is the result of a boom in buy-to-let property purchases. The Bristol letting agents offer high quality letting services to landlords.

"Not a day goes by that the housing market isn't in the news in some way or another," says Atif Javid from Intire Letting Agents Bristol. "If it isn't the fact that mortgages are too hard to obtain, it is that there aren't enough rental properties or that landlords don't take good care of their properties. We now have systems in place to make sure landlords are able to rent out their properties quickly and properly, and that their tenants are comfortable and safe."

Intire has won awards for four consecutive years for its lettings agency and property management services in Bristol and Bath, England, UK. The company differentiates itself in the market and has won awards because they offer their services to landlords for an all-inclusive fee with no surprises of add-on charges. This service is becoming increasingly popular as demand for rental properties is increasing so significantly that some are

even turning old business centers into domestic property units. Full details about the service are available through <http://www.intire.co.uk>.

Those who have worked together with Intire have been very happy with the service that they offer. "As a new landlord, I found the company impressive right from the start and have remained extremely satisfied with their high standards," says Jo R. "They quickly found us suitable tenants, so that we have not had to use their "re-let for free" service, but have used the free gas safety check annually which is a bonus, as was the no management fee for the first three months. Every time there has been a job which needs doing (often happens with an older property) Intire has responded quickly and efficiently, organising quotes and using their considerable local expertise to effect a repair."
