## **Powell Electrician Becomes Approved Tesla Partner**

*December 18, 2023*

December 18, 2023 - PRESSADVANTAGE -

Powell, Ohio - Sherwin Electrical, a leading provider of electrical solutions in Powell, Ohio, is thrilled to announce its recent accreditation as an approved Tesla Partner, Preferred Pro. This prestigious designation positions Sherwin Electrical as a trusted installer for Tesla's cutting-edge energy products, including Powerwall, Solar Inverters, and Wall Connectors (EV Charging Stations).

This collaboration with Tesla underscores Sherwin Electrical's commitment to staying at the forefront of technological advancements and providing its customers with state-of-the-art energy solutions. As a Tesla Partner, Preferred Pro, Sherwin Electrical is uniquely positioned to offer the highest quality installation services for Tesla's innovative products, ensuring Powell residents have access to reliable and sustainable energy solutions.

Tesla's Powerwall is a revolutionary energy storage solution that allows homeowners to store excess energy generated by solar panels or the grid, providing a reliable backup power source during outages and optimizing energy usage. Sherwin Electrical's expertise in installing Powerwall systems ensures that Powell residents can harness the full potential of this advanced technology to enhance their energy efficiency and

resilience.

In addition to Powerwall installations, Sherwin Electrical is now an authorized installer for Tesla Solar Inverters. Tesla's Solar Inverters play a crucial role in converting solar energy into usable electricity for homes, further reducing dependence on traditional power sources and contributing to a more sustainable future. Sherwin Electrical's team of skilled professionals is ready to facilitate seamless installations, helping Powell homeowners harness the power of solar energy efficiently.

Furthermore, Sherwin Electrical is approved to install Tesla Wall Connectors, enabling Powell residents to conveniently charge their electric vehicles at home. With the growing adoption of electric vehicles, Sherwin Electrical's expertise in installing Wall Connectors aligns with the increasing demand for accessible and efficient EV charging infrastructure in the Powell community.

"We are honored to be recognized as a Tesla Partner, Preferred Pro," said Dan Sherwin, Owner and Operator at Sherwin Electrical. "This accreditation reflects our commitment to providing cutting-edge energy solutions to Powell residents. As a trusted installer for Tesla's products, we look forward to contributing to a more sustainable and resilient energy future for our community."

Sherwin Electrical's team of certified professionals is dedicated to delivering top-notch service, ensuring that each Tesla installation meets the highest standards of quality and reliability. With the Tesla Partner, Preferred Pro status, Sherwin Electrical solidifies its position as a leading provider of sustainable energy solutions in Powell, Ohio.

Sherwin Electrical, a Powell-based local business, stands as a testament to the vision and dedication of its founder and Master Electrician, Dan Sherwin. Starting with just himself and his truck, Dan's commitment to quality work and community service fueled the company's growth, leading to its formal launch in 2020. Today, Sherwin Electrical is not merely a business but an embodiment of Dan's passion for serving Powell and its residents.

With certifications as a Master Electrician, Licensed Electrical Contractor in Ohio and West Virginia, and expertise in Quality Construction Management and Estimating, Dan ensures that Sherwin Electrical delivers top-notch service.

For Powell residents looking to embrace the benefits of Tesla's energy products, Sherwin Electrical is the go-to partner for expert installation services. Contact Sherwin Electrical today to explore how these innovative solutions can enhance your home's energy efficiency and contribute to a greener future.
