One customer writes, "Highly recommend!!!! Crown Pointe Remodeling did my roof, windows, siding, gutters, and deck. I'm telling you now, you get what you pay for. They are worth every penny. They did a fantastic job from beginning to end. Don was very helpful in answering all my questions along the way. Ian the production manager was keeping me in the loop. Communication from the very first appointment, office, until the final walkthrough was great from everyone I encountered from the company. I have had so many neighbors stop by and comment. They are planning to use them as well."

Another recent review says, "When Crown Pointe Roofing & Remodeling was working on the roof of one of my neighbors over a year ago, they observed some wind damage on a part of the roof vents. They promised to fix the vent for no cost after having my neighbor get in touch with me at work. More recently, when it rained heavily, we experienced minor leaks, which I had the Crown Pointe Roofing & Remodeling crew fix. Quincy worked with us throughout this process and communicated clearly and promptly even though this wasn't a complete roof job. All around excellent work."
