

Mass Save® Mini Split Rebate Program Empowers Homeowners to Enhance Their Home's Energy Efficiency Through Revise, Inc.

December 20, 2023

BEDFORD, MA - December 20, 2023 - PRESSADVANTAGE -

A Mass Save® mini split rebate can empower eligible homeowners in Massachusetts to improve their home's energy efficiency. Through a no-cost Home Energy Assessment performed by Revise, Inc., homeowners can receive generous rebates and financial incentives from Mass Save® for recommended energy efficiency upgrades, including mini split installations.

Mass Save® and Revise, Inc.'s goal is to empower homeowners to increase energy efficiency, increase their home's overall comfort, and lower heating and cooling expenses.

Recognizing the significance of energy efficient heating and cooling systems, Mass Save® and Revise, Inc. are helping homeowners make recommended improvements such as installing mini splits. Since mini-splits are more energy efficient than traditional home heating and cooling systems, they offer homeowners the dual benefit of enhanced energy savings and improved comfort in their home.

To access the program's benefits, homeowners can schedule a no-cost Home Energy Assessment with Revise, Inc. Home Energy Assessments involve a thorough inspection of a home's energy usage and end with recommendations for energy-efficient upgrades that can be made, like installing new mini splits. This Home Energy Assessment also allows qualifying homeowners to access the Mass Save® program's generous rebates and financial incentives.

This collaboration ensures eligible homeowners not only offset initial costs through financial incentives but also realize long-term savings on energy usage. Home energy specialists from Revise, Inc. conduct detailed assessments, guiding homeowners toward energy-efficient upgrades with the support of the Mass Save® program.

Home energy specialists from Revise, Inc. conduct detailed no-cost Home Energy Assessments, providing

comprehensive insights into upgraded heating and cooling system options and their associated benefits. The Mass Save® program is an important tool for homeowners to be aware of, as it provides an approach to identifying and addressing areas in the home needing energy-efficiency improvements or upgrades.

Embarking on the journey toward a cozier and energy-efficient home is as simple as scheduling a no-cost Home Energy Assessment from Revise, Inc. in collaboration with Mass Save®. The assessment can unlock valuable insights and tailored solutions for your home's improved energy efficiency.

Improved heating and cooling systems, such as mini splits, contribute to enhanced energy efficiency and comfort throughout the year. An older heating and cooling system can have poor energy efficiency, making it more expensive in the long run. Thanks to Mass Save®, mini split rebates are available to qualifying homeowners. Revise, Inc. encourages all qualifying homeowners to begin the process of improving their home's energy efficiency by calling and scheduling a no-cost Home Energy Assessment today.

Working with a home energy specialist from Revise, Inc. ensures that homeowners receive detailed and informative insights into mini split options. These experts can provide clear explanations and information to homeowners, empowering them to make informed decisions that maximize comfort and energy savings in their homes.
