Celestial Stem, a CBD store in Mesa, AZ, is urging customers to check out its range of Full Spectrum and THC Free Broad Spectrum CBD tinctures.

With a huge catalog of premium CBD and non-CBD wellness products for people and pets, Celestial Stem offers higher dosage options from those that are usually available in the market. The company achieves this by formulating its products from organically grown hemp and using a process that retains the many cannabinoids, terpenes, and flavonoids in the plant to give the added benefits of the entourage effect. As a result, customers get to enjoy products that are potent and deliver consistent results for themselves and their furry friends.

The company's lineup of Full Spectrum and THC Free Broad Spectrum CBD tinctures includes offerings in three flavors - natural, cherry, and peppermint - and at three different quantities - 750mg, 1500mg, 3000mg and 3500mg. It also offers a Full Spectrum Night Time tincture that contains 1200mg CBD and 600mg CBN for just \$84.99. Formulated to supplement users' bedtime routines, the 2:1 ratio of the Full Spectrum CBN tincture helps them get a deep and relaxing sleep to recover from a hard day of work or fun.

The founder of Celestial Stem, Jason Axtolis, talks about what got him started down the path of researching and making his own CBD products by saying, "Celestial Stem was born out of my frustration as a CBD consumer. I had three large breed senior rescue dogs, all with health issues. All the products that I bought on the market weren't effective or consistent in providing them with the relief they deserved. The dosages of the products I tested were so low that they would be nothing more than a gimmick for a medium or large pet. So, Celestial Stem began with a mission to make CBD products as potent and economical as possible. Today, apart from our extensive list of CBD products, we also offer non-CBD health gummies, functional pet treats, bath and body products, and even essential oils and herb extracts and crystals."

Celestial Stem has received several five-star testimonials from customers in Mesa and nearby areas thanking them for formulating products that made a difference to their lives as well as those of their pets. The store boasts a flawless overall rating of 5.0 out of 5.0 on its Google Business Profile from 60 reviews with customers praising the efficacy of its products, the knowledgeable and friendly staff, and the affordability of its offerings.

A recent review from a pet owner says, "I have been giving my 10-year-old dog CBD drops with her food for the past 4 months now and we have seen such great improvement! She has had a torn ACL for a few years now and her leg would always shake. Ever since taking the drops, she's taking longer walks and no longer shakes! We highly recommend Celestial Stem and will continue to buy from them from here on out."

Another customer talks about how the store's products helped them reclaim their sleep schedule by saying, "Dealing with life's stresses can be overwhelming, however, the folks at Celestial Stem have been incredible about pairing me up with the right products to help with sleep and stress! Incredibly knowledgeable, and incredibly helpful! Super thankful I found this place!!"

The company also urges pet owners to check out its range of CBD oil for dogs. The THC Free Broad Spectrum Pet Tincture is available in three bottles of 250mg, 500mg, 1500mg and even 3000mg which retail for \$29.99, \$44.99, 69.99 and \$84.99 each. The product is made from phytocannabinoid-rich hemp oil which has very low traces of THC. The amount of THC is not high enough to produce any psychoactive effects, so it's legal in most states. They even offer CBD dog treats and CBD cat treats. Moreover, a portion of the proceeds from all Celestial Stem Pet Products go to help support local animal rescues.
