Replacement Window Installation Service Available At Lewisville Contractor

January 09, 2024

LEWISVILLE, TX - January 09, 2024 -

Lewisville, TX based Lone Wolf Exteriors is helping homeowners upgrade their windows to be more efficient. Lone Wolf Exteriors is a locally owned and operated business that offers a wide range of residential and commercial exterior services throughout Texas.

Lone Wolf Exteriors says, "If you find your home continually losing energy, it is possible that you can counter this by replacing your windows. Windows are approximately 80% glass, and if you are not using properly insulated, low-emissivity, high-performance glass, your energy loss problems will be more pronounced. Our team at Lone Wolf Exteriors is here to fix that issue, providing high quality windows that can address energy loss and any other window-related problem you might have."

The contractor works with leading window suppliers like Mezzo Windows to ensure all home and business owners can enjoy superior quality and energy efficiency year-round. Whatever shape, size or type of windows a Lewisville resident might be looking for, they can rest assured the company has what they need to ensure

their comfort at all times.

Lone Wolf Exteriors in Texas is proud to offer a wide range of options for homes of any style. Some of the styles offered by the company include double-hung windows, sliding windows, picture windows, special shapes, casement windows, awning windows, bay and bow windows, garden windows and more. The company also offers a diverse array of design options, such as patterns, profiles, flat grids, contoured grids, v-grooved cut glass, simulated divided lites, flat casing, brickmould and so on.

“Our services are not just limited to window replacements,” adds the company. “We do everything from maintaining roofs in Dallas, Texas to installing new windows for homeowners in Arlington, Texas and much more. If you are interested in working with us, please feel free to get in touch.”

Working with Mezzo Windows, Lone Wolf Exterior provides two high-performance insulated glass packages that allow property owners in Texas to maximize their energy savings. The first is ClimaTech®, which has insulating low-E glass, argon gas and the Intercept® Warm-Edge Spacer System. The second is ClimaTech® ThermD, with insulating low-E glass, argon gas and a stainless-steel Intercept Warm-Edge Spacer System. The company confirms that Mezzo Windows also meet stringent ENERGY STAR requirements, which makes them climate-friendly.

Lone Wolf Exteriors also assures customers that all products from Mezzo Windows come with a limited lifetime warranty, with the option to purchase a glass breakage warranty. Homeowners can also enjoy a 10-year fade-resistance warranty on all FrameWorks Color Collection exterior finishes. Lone Wolf Exteriors says, “When you are investing your hard earned money to install new windows, you want to make sure that they are windows that will last you for years. Reliable, safe, effective – that is what we provide at Lone Wolf Exteriors.”

Lone Wolf Exteriors has earned great praise for their high quality services and their commitment to customer service. On several review platforms, the Denton, TX window replacement contractors boast a stellar rating. Chana H. writes in a recent 5-Star review, “Jacob’s professionalism was unmatched. He understood our family’s needs and provided full transparency to meet my expectations. The anticipation for such customized products was great, but there was no disappointment after installation. Thank you!”

In another review, David A. calls his window investment, “The very best money my wife and I have ever spent on the house. One of the biggest observations we have noticed is the noise reduction. Oh my, our backyard borders up with a thoroughfare through the neighborhood, and vehicle noise was a nuisance, but with the new windows it is a non-factor now. In addition, our back faces the west, and heat has always been an issue. Not anymore. Jacob and CJ have been the best to work with as well.”

Homeowners and other parties looking for window replacement in Dallas and other regions are welcome to visit the company's website for more information. Lone Wolf Exteriors encourages Texas homeowners to get in touch with their customer support team via email or phone for any additional questions or concerns. Lone Wolf Exteriors also maintains a social media presence and can be found on Facebook, Instagram and YouTube.
