He was very efficient and professional. My dryer issue was fixed the same day with very reasonable pricing! I highly recommend Robbie to all of my friends and family. Another customer writes, ?I recommend All Star Appliance Solutions to everyone!! I have a refrigerator that stopped cooling on me, so I had another company come look at it, with no luck in solving the problem? they literally said I was better off purchasing a new one. My sister then told me to call All Star because they had helped her with her washer machine a few months back and she was happy with the service and outcome thus far, so I gave it a shot. Robbie came over the next day and, like magic, he was able to fix my fridge!! It took him about an hour, and I was so happy because he saved me a lot of money and hassle. He was on time and very efficient! I will definitely recommend Robbie and All Star Appliance?s outstanding service to all my friends and family in the future.?
