Company Offering Arthritis Pain Relief For Dogs Launches VIP Customers Club

December 23, 2015

December 23, 2015 - PRESSADVANTAGE -

The Natural Pet Health Co., based in Buckinghamshire, United Kingdom, has announced the launch of their VIP Customers Club. Those who become a member of this club will be able to be kept up to date with advance details of new products, as well as receive free samples, discounts, special deals and more as and when they become available. Only those who purchase products from the company through Amazon.com will be able to join the VIP Club.

"We're so happy to be able to launch the VIP Customers Club," says Michael McCullagh from The Natural Pet Health Co. "It is an opportunity for us to say thank you to our loyal customers and to make sure they are able to remain up to date with the various developments regarding our products."

The company is best known for its product designed to provide arthritis pain relief for dogs. The product is an easy to take supplement based on Glucosamine, Chondroitin, MSM and Hyaluronic Acid. The company prides itself in only using human grade ingredients, which guarantees the quality of the product and the benefits it gives to dogs.

The product has been very positively received by many people. "I have always been a fan of using powder or liquid supplements over pills, as I find them to be faster absorbing and they work better," says one very happy customer. "This liquid supplement for my Scottish Terrier mix is just the thing for him. I saw a noticeable improvement within 3 days. For the first time, he happily went to the park and ran around a bit with my kiddo. Previously, he was more prone to lounging around in the back yard, or laying in bed with me. He wasn't interested too much in walking around. I could tell, it hurt him to walk around much."

Those who purchase the EverEase product will automatically be given the opportunity to enroll in the VIP Customers Club. From then on, they will receive emails with updates about the company and its products, as well as information on any special offers. Joining the club is exclusive to customers and membership is free.
