

Noworriesmate?s New Apple Watch & iPhone Charging Stand Rockets to ?Number One Best Seller? on Amazon

December 21, 2015

December 21, 2015 - PRESSADVANTAGE -

SANTA ROSA, CA --- Just four weeks after its national debut, the Noworriesmate Apple Watch & iPhone Charging Stand, Premium Bonus Edition, received Number One Best Seller honors in Amazon?s super-competitive Smart Watch Cables and Chargers marketplace.

The Company?s Founder & General Partner, Muchtar Salzmann, released the new Amazon sales numbers at a press briefing Monday. ?We are very excited to see the tremendous response by our customers who have expressed overwhelming satisfaction and appreciation for our new Apple Watch & iPhone Charging Stand,? Mr. Salzmann said. ?In fact, our record sales volume is twice what we anticipated for the first month on Amazon.?

?What is even more important than our Number One Best Seller rank,? Mr. Salzmann emphasized, ?is the incredible number of 5-star quality reviews from our customers.? With an overall composite rating of 4.7 out of 5 stars, the new Noworriesmate Apple Watch Stand and bonus bundle is one of the highest rated quality products as voted by Amazon customers.

The Premium Bonus Edition, which is packaged in a limited edition, exclusive licensed painting by famed Los Angeles artist Jkat Rue, includes not only the highly acclaimed aluminum alloy charging stand, but several high-value accessories as well.

"We included a free 3 foot premium 8-pin Lightning Charge and Sync Cable for use with the customers' iPhone," said Richard Mathias, General Partner and Marketing Director of the Company. "Not only that, but we also added a microfiber cleaning cloth and a cable management clip that neatly guides the charger cables from both devices out the back end of the stand in a manner that suits each user's unique workplace set up."

"Our entire design team is heartened and gratified by the 5-star reviews from virtually every one of our customers," Mathias added. "The overwhelming positive feedback from our customers is reflected not only in the incredible sales volume," Mr. Mathias concluded, "but also in the hundreds of consistent and substantive consumer reviews that our new Premium Bonus Edition bundle pack has received on Amazon and other platforms."

The Noworriesmate Apple Watch & iPhone Charging Stand, Premium Bonus Edition, is entering its second month on Amazon and is now ranked the Number One New Product Release and Number One Best Seller in Smart Phone Chargers and Cables.

Noworriesmate, LLC, is a Santa Rosa, California, based on-line retailer offering high quality charge and sync cables, car chargers, travel kits, and other smart phone accessories, including its new Apple Watch & iPhone Charging Stand, Premium Bonus Edition.
