

Pro Tribute Bands Publishes 2024 Survey Of The Best Queen Tribute Bands In The World

January 24, 2024

SAN RAMON, CA - January 24, 2024 -
Pro Tribute Bands, a company that connects tribute bands with fans and venues, has announced the publication of its 2024 list of the best Queen tribute bands in the world.

With 250 to 300 million records sold, Queen is one of the most revered bands in pop culture today. Its extensive discography consists of 15 studio albums, 10 live albums, 16 compilation albums, and much more. Ranked by Billboard as the 87th Greatest Artist of All Time, the band was inducted into the Rock and Roll Hall of Fame in 2001 and presented the Grammy Lifetime Achievement Award in 2018.

Today, the band?s legacy lives on in the considerable volume of music it left behind for future fans as well as the abundance of tribute bands taking on the rich sound pioneered by Freddy Mercury and the crew and belting out the band?s biggest hits at large and small gigs around the world. Pro Tribute Bands has taken on the challenge of recognizing the best of these tribute bands and helping them find clients to keep Queen and its music alive for this generation of listeners.

?Our 2024 list of the Best Queen Tribute Bands,? says the spokesperson for Pro Tribute Bands, ?showcases the best tribute bands right now who are doing justice to the charm and magnanimity of Roger Taylor, Freddie Mercury, Brian May, and John Deacon. While all the bands on this list sound much like Queen, some place an emphasis on the album sound, some focus on specific performances by the band, some encourage the crowd to sing along, while some complete the look with accurate dress and make-up. We have considered all these elements to pick out the 20 best Queen tribute bands right now. Check out the results of our 2024 survey and book them for your next gig.?

Number 1 on Pro Tribute Band?s 2024 list is Bohemian Queen, a band based in Los Angeles California. The lead singer of the band, Paulie Z, is said to bring to life impressive operatic vocals that sound like Freddie Mercury himself. The band?s performances are also imbibed with humor and a healthy dose of self-deprecation. All members of the band sing every part in their extensive set list with precision without using backing tracks, most notably singing Bohemian Rhapsody completely 100% live.

The highest charting Queen tribute band based in the UK is Majesty - A Tribute to Queen. Rob Lea, the band?s frontman possesses a remarkable vocal similarity and showcases impressively entertaining stage performances similar to the legendary Queen lead singer himself. Taking John Deacon?s place is Chris Holland, a talented instrumentalist. The group?s Brian May is Peter Southern, an accomplished guitarist, musician, and instructor. Finally, taking on Roger Taylor?s responsibilities is James Campion, a successful businessman and excellent drummer.

Another remarkable band on the list is Gary Mullen and the Works, a one-man band that has been doing this for years at sold-out shows around the world. He is most well-known for the One Night of Queen show where he pulls off a soulful portrayal of the colorful and illustrious Mercury with aplomb. He was also the Grand Final Winner on ITV?s ?Stars in Their Eyes,? a British television talent series where contestants impersonate their favorite stars.

The spokesperson for Pro Tribute Bands talks about the skills and expertise that the company brings to the table by saying, ?We handpick national-act caliber live tribute bands that evoke the energy and enthusiasm of some of music?s greatest acts. We screen each band we represent so that you can rest assured that you are getting the best in the industry. Whether it be a performing arts center, summer concert series, product launch, corporate party, private party, or high-end wedding reception, you can find the perfect tribute band to make your event an unforgettable one.?

Readers are urged to view the company?s curated listings of tribute bands from all over the world by visiting

its website at ProTributeBands.com.
