

Local Powell Electrical Company Achieves Small Business Administration Certification as a Service-Disabled Veteran-Owned Small Business

January 17, 2024

January 17, 2024 - PRESSADVANTAGE -

Powell, Ohio - Sherwin Electrical, LLC, a leading electrical services provider based in Powell, Ohio, proudly announces its recent certification by the Small Business Administration (SBA) as a Service-Disabled Veteran-Owned Small Business (SDVOSB).

This prestigious certification, granted through the Veteran Small Business Certification Program (VetCert) at SBA, solidifies Sherwin Electricals' eligibility to compete for set-aside contracting opportunities and unlocks various benefits in recognition of its status as a Service-Disabled Veteran-Owned Small Business.

Sherwin Electrical, LLC's certification as an SDVOSB is prominently displayed on the official veterans.certify.sba.gov website. The certification, valid for three years from the date of issuance, marks a significant milestone in the company's commitment to excellence and service to the community.

"We are honored and proud to receive the Small Business Administration's certification as a Service-Disabled Veteran-Owned Small Business," said Dan Sherwin, Founder and CEO of Sherwin Electrical, LLC. "This recognition reflects our dedication to both quality service and our commitment to supporting and empowering veterans in the business community."

As a certified SDVOSB, Sherwin Electrical, LLC gains access to various advantages, including preferential consideration for government contracts set aside for such businesses. The certification not only demonstrates the company's commitment to excellence but also opens doors to new opportunities for growth and collaboration in the federal contracting arena.

In addition to the recognition, Sherwin Electrical, LLC has been provided with the opportunity to download SBA-approved digital icons that visibly indicate its certification status. These icons serve as a visual testament to the company's commitment to the highest standards of business practices.

The certification process involved a thorough examination of Sherwin Electrical, LLC's eligibility, and compliance with the criteria set forth by the SBA. The company's commitment to service excellence, combined with its founder's status as a service-disabled veteran, aligns seamlessly with the mission and values of the SDVOSB program.

To maintain the certification, Sherwin Electrical, LLC is prepared to undergo periodic program examinations conducted by the SBA. These examinations are designed to ensure the accuracy and ongoing eligibility of the certification, reinforcing the SBA's commitment to upholding the integrity of the SDVOSB program.

Choosing to work with a Service-Disabled Veteran-Owned Small Business is a decision that goes beyond traditional business partnerships; it's a choice to support and engage with a company that embodies resilience, dedication, and a commitment to excellence. Customers opting for an SDVOSB can be assured of working with a business led by individuals who have served their country, bringing a unique perspective, discipline, and unparalleled work ethic to their endeavors.

These businesses, such as Sherwin Electrical often prioritize quality, integrity, and a sense of duty, fostering a collaborative environment built on trust and reliability. Additionally, collaborating with an SDVOSB allows customers to contribute to the broader mission of empowering veterans in the business community and promoting inclusivity. By choosing an SDVOSB, customers not only receive high-quality products or services but also actively participate in a meaningful initiative that honors and supports those who have sacrificed for the greater good.
