

# **?C&S Long Island? Announced Its Expert Services For Complete Home Improvement Solutions**

*December 24, 2015*

December 24, 2015 - PRESSADVANTAGE -

The leading Long Island Dormer Company, ?C&S Long Island? has announced their expert services for clients to modify certain parts of the house or a complete home improvement. The company is an established name in the city with years of experience under their belt.

It is not easy to buy a bigger home these days, especially with real estate prices escalating. However, there are certain home extensions and dormers experts who provide beautiful dormers to add to the equity and great looks of a house. ?C&S Long Island? is the leading long Island Dormer Company which has provided expertise in home renovation, remodeling, extensions and dormers for over a decade.

?We understand that people look for having a larger and more spacious house. But with the housing markets at a low, it is not easy to find one. So we provide the expert services of adding dormers, house extensions, and complete home improvement services as an impressive and budget friendly solution,? Chris Trujillo, representing ?C&S Long Island, said.

The company specializes in adding beautiful dormers to houses with a classier look to it. With their years of experience in the business, the company experts understand any modification needs to be done by adding more space and improving its look. The company provides expert house extensions, kitchen remodeling, bathroom and window reinstallation, and renovations.

The company has established itself as a reliable and trusted name in the industry by providing impressive results over many years. They are renowned for their service professionalism, in planning and keeping projects within its budget and deadlines. ?With constant communication with our clients on the progress of our work, they have a clearer understanding of what is being done and what to expect," said Chris.

Long Island Dormer Company believes that their team of highly skilled and experienced people with expert design knowledge and craftsmanship will keep on serving the people of Long Island for many more years to come.
