

Luxury Assisted Living Facility Opens Doors for New Residents in Davie, Florida

February 13, 2024

February 13, 2024 - PRESSADVANTAGE -

Resort-style Oakmonte Village specializes in maintaining an exceptional standard of living while seeing to all their guests' personal needs.

Florida based Oakmonte Village of Davie is pleased to invite seniors to consider their luxury residences if they are contemplating assisted living.

Whether due to declining mental faculties or physical restrictions, people sometimes lose the ability to care for themselves. In many instances family members are unable to provide the needed care, and getting a private, live-in caregiver isn't always the best solution.

Given a strong focus on community and independence, Oakmonte Village is a popular choice with the aging and their families. The facility offers round-the-clock assistance for those who need it along with absolute peace of mind for their families.

"We know how important it is to you that your parents and grandparents are taken care of in their golden years," says a representative of Oakmonte Village.

"You may not be equipped, physically or mentally, to help your aging loved ones with everyday tasks, and considering how challenging this can be, you are well-advised not to try."

"Our professional caregivers make certain your loved ones have everything they need to lead happy, healthy, and productive lives. Able to assist with anything an elderly resident might need our well-trained staff know exactly when to step back and allow the resident to enjoy whatever autonomy they are capable of."

Overall, the representative states, "It is a pleasure for us to be able to provide an environment in which elderly people can relax and thrive. Bring us your parents and grandparents, and we will treat them as if they were our own moms and dads."

The community offers a wide range of classes that are educational, enriching or fitness related. People can easily become sedentary as they grow older, and simple activities can become harder. So Oakmonte Village works to ensure that the residents in their care are provided with enough stimulation to keep them mentally sharp and physically fit well into their old age.

A safe and fully secured environment for those residents suffering from memory loss or dementia makes certain they get the care they need while also ensuring their independence.

The Memory Care Lifestyle at Oakmonte Village provides mind stimulating activities, specifically designed to secure their happiness, health, and comfort. A complete wellness program, gourmet dining, and a wide variety of activities add a touch of luxury to the Memory Care program, making it an excellent place for elderly individuals with memory issues to spend their twilight years.

Oakmonte Village also boasts extensive amenities, providing a luxury living experience few retirement residences can match. Restaurant style dining, large theaters, as well as performing arts rooms, are just a few of the indoor amenities. Manicured landscaping and a beach entry, heated pool provide excellent ways to take advantage of the beautiful South Florida weather year-round. While Oakmonte's expansive 10-acre campus, affords residents every opportunity to explore and enjoy nature and the outdoors.

"My aunt and I visited several other assisted living facilities before making a decision," reports Idiana Perez in a 5-Star review of the assisted living facility.

"Oakmonte Village of Davie is definitely a 5-Star [establishment]. A beautiful facility, very pleasing. Overall,

we liked the amenities, the services, and the feel of the place. My aunt had no second thoughts. The minute she walked in, it just felt like home, which was exactly what my aunt was looking for.?

The review goes on to say, ?The staff is very friendly, professional, and extremely caring. June and Steve from admissions made my aunt feel very welcome and secure. Her 1-bedroom apartment is spacious and quite comfortable. The dining room is like a restaurant. The food is very good, and the staff is amazing and extremely pleasant. Also, they have Happy Hour daily with entertainment. We truly recommend Oakmonte Village without a doubt.?
